1.0 Program Introduction

The Graduate to Opportunity (GTO) Program is administered by the Department of Labour and Advanced Education through the Labour Market Programs Support System (LaMPSS). LaMPSS is a common method for administering Labour Market Program in Nova Scotia focused on providing consistency in processes and improving services to labour market agreement holders. LaMPSS provides organizations with self-serve capability, enabling you to apply for funding online for some labour market programs as well as submitting required financial and activity reports online.

2.0 Purpose

The Graduate to Opportunity program (GTO) is designed to help strengthen Nova Scotia's workforce and retain well-educated young people in the province by encouraging Nova Scotia employers to hire recent graduates for permanent, full-time jobs in their field of study.

GTO provides salary contributions to private sector organizations of fewer than 100 employees, start-up companies and not-for-profit organization of 25% of the first year's salary and 12.5% of the second year's salary.

Applications are accepted on a continuous basis through the Labour Market Program Support System (LaMPSS). Once an application has been approved, the proponent will enter into a funding agreement with the Department that clearly defines the relationship and outlines expectations and funding arrangements. This agreement will be administered through LaMPSS.

3.0 Funding Duration

Funding agreements span 2 years, beginning on the date the Graduate is hired. Employment agreements must be at least two years of full time work and pay a salary of at least \$30,000 in order to be considered for the program. Employers receive 25% of the graduate's annual salary in Year 1, and 12.5% of the graduate's annual salary in Year 2, up to \$60,000.
