1 About the WIPSI Program

Having a well-trained workforce is key to building a province and economy that foster

- Productive, innovative, globally competitive Nova Scotia businesses
- A skilled, diverse, adaptable, and future-facing Nova Scotia workforce
- Attachment to the labour market over the long-term for more Nova Scotians

To work toward these outcomes, the Workplace Initiatives Division (LAE) administers the Workplace Innovation and Productivity Skills Incentive (WIPSI) Program. This program is an initiative of the Canada – Nova Scotia Job Grant.

The program **supplements** employer contributions to train full-time staff* who are permanently located in Nova Scotia to

- Improve productivity and profitability
- Increase innovation
- Adapt to new technology, machinery and equipment, or work processes
- Increase inter-provincial and international competitiveness; and
- Foster workplace diversity

* Employees must be receiving full-time compensation while in training to be eligible for WIPSI funding. This may include employees who are full-time seasonal.

Generally, WIPSI provides up to 50% of direct training costs; however, small businesses with 50 employees or less may be eligible for coverage of up to 100% of direct training costs (up to \$10,000).

For employees with disabilities, WIPSI covers expenses related to any accommodations that are required for them to fully participate in training.

Organizations or associations applying for WIPSI funding on behalf of their members may also be eligible for WIPSI to cover some administration costs to host training. This is considered on a case-by-case basis.

2 Scope of the Guidelines

These guidelines include the following information:

- Who is eligible for WIPSI funding
- What training is eligible for WIPSI funding
- How to apply
- What to expect after your application is accepted

Read the guidelines before applying.

Refer to them during the application process.

If you have questions before or during the application process, contact the WIPSI team toll-free: 1-844-850-2030

6 Timelines and Payment

Timelines

You must complete the training within 12 months of the agreement execution date – the date both parties sign the legal contract.

You may submit multiple training projects in one application; however, you must complete all training in the application within this 12-month period.

Training may start as soon as you submit your application; however, this is with the understanding that funding may or may not be ultimately approved.

Training must start within 20 business days of the agreement execution date.

Payment Schedule

You may choose a one or two payment schedule during the application process:

- One payment: the agreed upon reimbursement for your eligible training costs is sent to your business or organization once all training is complete and you have submitted the required financial and activity reports.
- Two payments: your business or organization may request up to 50% of already dispersed eligible training costs to be reimbursed to you once you send proof of payment (receipts, cancelled cheques, or credit card statements). For organizations, business associations, and private sector unions, some approved administrative costs may be included in the first payment.

7 Reporting Requirements

WIPSI is funded through the federal and provincial governments. To be accountable to those funding commitments and NS taxpayers, certain business and personal information must be collected when you apply for WIPSI, at the end of your training program, and one year after training ends.

This information is kept confidential and only used for reporting purposes.

The following financial and operational information about your business or organization is required at the time of application:

- Annual sales/revenues
- Annual training investments
- Number of employees and total annual salaries paid

One-year follow up: this same information is required one year after the project is finished to help WIPSI to understand the potential impact of the training.

To qualify for WIPSI funding, you must submit your financial statements for the previous two years with your application. If you do not have financial statements available, CRA tax forms or unaudited balance sheets and income statements are acceptable.

Participant Information Forms

Each employee who participates in the training must complete a training participant information form that contains personal information such as their name, contact information, age, and gender. These forms must be submitted to WIPSI at the end of the training to verify that all the participants took part in the program.

Surveys

To evaluate the effectiveness of WIPSI, you are expected to complete the following surveys:

- Your business/organization completes a project survey after training is delivered
- Your business/organization completes a follow-up survey one year later

Each application is reviewed on its own merit.

Each application is assessed for eligibility requirements, strength in supporting WIPSI program objectives, and return on investment for both the business/organization and the province.

Your application may be approved in full, approved in part, or declined.

9 Appealing WIPSI Funding Decisions

Your Right to Appeal

If your WIPSI application has been declined, you have the right to appeal the decision if one of the following is true:

- new information is obtained which may impact the original decision

or

- procedures, as outlined in this document, were not followed

You are expected to be able to demonstrate that your appeal meets one of the aforementioned conditions.

Denials due to late applications cannot be appealed.

The Appeal Process

Step 1 – Managerial Review

The first step in the appeal process is a Managerial Review.

You must request a review of the original decision in writing, within 10 business days of the date of written notification from LAE that your application was declined. If you do not respond within this time period, the original decision is final.

The Managerial Review is conducted by the WIPSI Program Coordinator. Within 5 business days of receipt of your written request, you will be informed if the original decision will be maintained or will be overturned along with a rationale for the decision. The decision will be based on the new information you have provided.

Every attempt will be made to contact you by phone to notify you of the decision. You will also be notified of the decision in writing. The date of the written notification will be considered the date of the decision.

Step 2 – Directorial Review

If you obtain further new information after the Managerial Review that may impact the that decision, you may request a Directorial Review. You must request this in writing within 10 business days of the written decision of the Managerial Review. If you do not respond within this time period, the decision of the Managerial Review is final.

The Directorial Review is carried out by the Director of Workplace Initiatives. The Director reviews the original application, the result of the Managerial Review, and the additional new information provided.

You will be notified of the decision, by email and telephone, within 5 business days of receipt of your written request for the Directorial Review. The date of the written notification will be considered the date of the decision. The Directorial Review is the final step in the WIPSI appeal process.

How to Request an Appeal

The following information must be included in your request:

- WIPSI file #
- Organization Name
- Name, title, email address and telephone number(s) of the person requesting the appeal
- A summary of the new information that was not included in the original application or in the Managerial Review
- Details or documents to support the new information.

The appeal must be sent by email, Canada Post, or courier to the appropriate address listed at the end of this document for the WIPSI Program.

The email date, postmark, or delivery date stamp will be used as the date of the appeal.

Address emails, letters, or deliveries to WIPSI Program and put in the subject line or attention to: WIPSI Appeal.

10 After Your Project Is Approved

If your project is approved, a funding agreement is generated. Once signed by your legal signing officers and returned to LAE offices, the Agreement is considered to be in place.

You have 12 months from this execution date to complete your project.

Activate your agreement within 20 business days – notify us

You must notify the WIPSI office that training has commenced to activate the agreement.

Your training project must commence no later than 20 business days from the date the agreement is executed, unless otherwise approved in writing by the province.

All training must be completed within 12 months of the execution of this agreement.

Your business or organization must give the province written notice of any change to the project start date. Any change must be approved by the province.

Failure to start training by the approved date may result in revocation of the WIPSI funding contribution.

Amending Your Agreement

Notify the WIPSI office immediately by email if there are any delays or changes to training: wipsi@novascotia.ca

An amendment to the agreement may be possible; however, significant changes to your training plan may result in the need for a new application.
