Flu & COVID-19 Vaccines **Commonly Asked Questions**
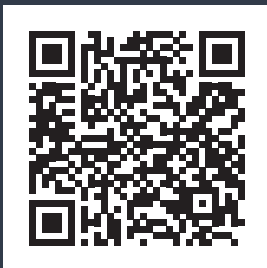

When can I get my vaccines?

Now! Appointments are available for anyone 6 months and older.

Where can I book my vaccine?

- You can book online *https://novascotia.flow.canimmunize.ca/en/covid-flu-booking*.

- If you need assistance call 1-833-797-7772 (7 days a week, 8am to 8pm, including holidays) for support.

- Flu vaccines can also be booked directly with your family doctor, family practice nurse, or nurse practitioner (Note: most family doctor clinics are not providing COVID-19 vaccines this year).

How do I book a vaccine for my child?

Parents/guardians can book their child's flu and COVID-19 vaccine appointments through the same channels they book their own.

Can I get both vaccines at the same time?

Yes! It's encouraged and more convenient.

Where can I get my vaccines?

Both COVID-19 and flu (standard and high dose) vaccines are available at over 300 pharmacies across the province.

Flu vaccines are also available through your family doctor, family practice nurse, or nurse practitioner.

How do I upload information for the vaccines I received outside of Nova Scotia?

Nova Scotians can add COVID-19 vaccines that they received outside the province to their Nova Scotia proof of vaccination. Updates can be made online: *https://vaccineentryservice.novascotia.ca/*.

Flu & COVID-19 Vaccines
Commonly Asked Questions

Can I get vaccinated if I don't have a health card?

Yes! If you don't have a valid Nova Scotia Health Card, call 1-833-797-7772 to book your appointment.
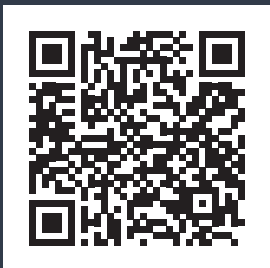

What vaccines do I need to get?

It is recommended that everyone 6 months and older get their COVID-19 and flu vaccines this fall/winter.

The newest Moderna and Pfizer COVID-19 vaccines are available. Either is great, one vaccine isn't recommended over the other.

People 65 years and older should receive the high dose flu vaccine because it works better in older adults. For people younger than 65, any standard dose vaccine will provide you with good protection.

The online booking page will only show what vaccines you are eligible for based on the information you provide.
