NOVA SCOTIA DEPARTMENT OF AGRICULTURE

Farm Practices Act
Sonic Devices Policy**Policy Statement**

Sonic Devices are tools used by farmers to minimize bird predation on crops, by emitting a loud audible noise that frightens birds away from the crop.

This document was developed by the Nova Scotia Department of Agriculture (NSDA) to provide recommendations on best practices for the use of sonic devices on farms for the purpose of protecting crops, while minimizing their impact on neighbours and the public.

Application

This policy applies to all farms utilizing sonic devices on land in Nova Scotia for the protection of crops.

This policy serves as a reference to NSDA staff in advising producers on the appropriate usage of sonic devices.

Accountability

Minister - The Minister of Agriculture is responsible to approve all policy changes and for establishing criteria relating to sonic device use.

Nova Scotia Department of Agriculture Staff - provide information in regard to this policy.

Owners - The owner or owner's designate of all new and existing farming operations are responsible for adhering to this policy for the use of sonic devices.

Monitoring

NSDA will periodically review the policy to ensure it is meeting the needs of the farm community and industry best practices.

Definitions

In this policy,

“activation” of a sonic device means two or three firings from the device within a 30-second period.

“directional sonic device” means a sonic device that emits most of its generated sound in one general direction.

“firing” means a discharge of sound from a sonic device;

“in use” in relation to a sonic device means being fired or ready for immediate firing;

“sonic device” means any machinery that is able to produce sound and is used to protect crops from birds and other animals.

Directives

1. An owner of a sonic device or the owner's designate must check the device at least once per week to ensure proper operation, and in particular must check all of the following:
 - a. the volume level at which the device is set;
 - b. the times during which the device is programmed to be in use;
 - c. the frequency at which the device is being fired.
2. An owner of a sonic device or the owner's designate must provide the name, address, telephone number and e-

mail address of each person who uses the sonic device to the Department of Agriculture through the regional office, or the Department that is nearest to the owner's location.

Guidelines

1. There should be a distance of at least 175 m (575 ft.) between a sonic device and any of the following, if it is set to emit sound above 100 decibels:
 - a. a private dwelling other than the property on which the sonic device is located;
 - b. a public road or public pathway.
2. For a sonic device that is set to emit sound of 100 decibels or less, the minimum separation distance may be reduced to 125 m (410 ft.).
3. There should be a distance of at least 75 m (245 ft.) between any two sonic devices in use.
4. Directional sonic devices should not be pointed in line with a crop row, or in the direction of any of the following:
 - a. a private dwelling;
 - b. a public road or public pathway.
5. Where practical, sonic devices should be moved weekly so birds and animals do not get use to their location.
6. A sonic device should be fired only during the period between 30 minutes before sunrise and 30 minutes after sunset.
7. The maximum frequency at which a sonic device should be fired is either:
 - a. 1 activation every 5 minutes; or
 - b. 12 activations every hour.
8. A farmer may obtain written consent from their neighbours to a shorter minimum distance than indicated above.
9. Minimum separation distances may be reduced if there are no private dwellings, public roads or public pathways adjacent to the farm property, or a large buffer exists (example trees, hill, watercourse) that will buffer the noise.

Now therefore, in consideration of the payment of the premium specified and of the statements contained in the application and **subject to the limits, terms, conditions, provisions, definitions and exclusions herein stated and** subject always to the condition that the insurer shall be liable only under the section(s) or subsection(s) of the following Insuring Agreements, A, B, C and D for which a premium is specified in item 4 of the application and no other,

SECTION A – THIRD PARTY LIABILITY

1. The Insurer agrees to indemnify the insured and, in the same manner and to the same extent as if named herein as the insured, every other person who with the insured's consent personally drives the automobile, or personally operates any part thereof, against the liability imposed by law upon the insured or upon any such other person for loss or damage arising from the ownership, use or operation of the automobile and resulting **from BODILY INJURY TO OR DEATH OF ANY PERSON OR DAMAGE TO PROPERTY.**

2. The Insurer shall not be liable under this section,

- (1) for any liability imposed by any workers' compensation law upon any person insured by this section;
- (2) for loss or damage resulting from bodily injury to or the death of any employee of any person insured by this section while engaged in the operation or repair of the automobile;
- (3) for loss of or damage to property carried in or upon the automobile or to any property owned or rented by, or in the care, custody or control of any person insured by this section;
- (4) for any amount in excess of the limit(s) stated, in Section A of item 4 of the application and expenditures provided for in subsection 3 of this section subject always to the provisions of Section 130 of the *Insurance Act* (Automobile insurance Part) relating to the nuclear energy hazard; or
- (5) for any liability arising from contamination of property carried in the automobile.

**See also the General Provisions, Definitions, Exclusions and
Mandatory Conditions of this Policy**

3. Additional Agreements of Insurer

Where indemnity is provided by this section, the insurer shall,

- (1) upon receipt of notice of loss or damage caused to persons or property, serve any person insured by this policy by such investigation thereof, or by such negotiations with the claimant, or by such settlement of any resulting claims, as may be deemed expedient by the insurer;
- (2) defend in the name and on behalf of any person insured by this policy and at the cost of the insurer any civil action which may at any time be brought against such person on account of such loss or damage to persons or property;
- (3) pay all costs taxed against any person insured by this policy in any civil action defended by the insurer and any interest accruing after entry of judgment upon that part of the judgment which is within the limit(s) of the insurer's liability;
- (4) in case the injury be to a person, reimburse any person insured by this policy for outlay for such medical aid as may be immediately necessary at the time of such injury;
- (5) be liable up to the minimum limit(s) prescribed for that province or territory of Canada in which the accident occurred, if that limit(s) is higher than the limit(s) stated in Section A of item 4 of the application; and

(6) not set up any defence to a claim that might not be set up if the policy were a motor vehicle liability policy issued in the province or territory of Canada in which the accident occurred.

4. Agreements of Insured

Where indemnity is provided by this section, every person insured by this policy

(1) by the acceptance of this policy, constitutes and appoints the insurer his irrevocable attorney to appear and defend in any province or territory of Canada in which action is brought against the insured arising out of the ownership, use or operation of the automobile;

(2) shall reimburse the Insurer, upon demand, in the amount which the insurer has paid by reason of the provisions of any statute relating to automobile insurance and which the insurer would not otherwise be liable to pay under this policy.

SECTION A.1 – DIRECT COMPENSATION – PROPERTY DAMAGE

Where section 138A of the **Insurance Act** applies, the insurer agrees to indemnify the insured under this section as though the insured were a third party for damage caused to the automobile owned by the insured, its equipment, and its contents if not carried for reward, and for loss of use of the automobile, equipment, and contents, in accordance with the **Insurance Act** and the Fault Determination Regulations made under the **Act**.

Definitions and Interpretation

For the purpose of this section, with respect to a claim for damage to the automobile and its equipment, the insured is the owner of the automobile, and with respect to a claim for damage to contents of the automobile, the insured is the owner of the contents.

Deductible

Each occurrence causing loss or damage covered under this section shall give rise to a separate claim in respect of which the insurer's liability shall be limited to the amount of loss in excess of the Direct Compensation Property Damage deductible, if any, stated in Section A.1 of Item 4 of the application multiplied by the percentage to which the driver of the automobile was determined to not be at fault under the Direct Compensation – Property Damage Fault Determination Regulations.

If there is damage to both the automobile and its contents, the deductible will first be applied to the automobile loss. If there is any remaining deductible, the remainder will be applied to the contents loss.

The insurer will pay that portion of the total damage that is equal to the percentage to which the insured or driver was not at fault for the accident, less the applicable Direct Compensation-Property Damage deductible.

Exclusions

The insurer shall not be liable under this section:

- (a) for any amount in excess of the limit(s) stated in Section A of item 4 of the application; subject always to the provisions of the section of the **Insurance Act** (Automobile insurance Part) relating to the nuclear energy hazard; or
- (b) for any claims arising from contamination of property carried in the automobile.

**See also General Provisions, Definitions, Exclusions and
Mandatory Conditions of this Policy.**

SECTION B – MANDATORY ACCIDENT BENEFITS MANDATORY MEDICAL AND REHABILITATION BENEFITS, AND ACCIDENT BENEFITS IN MOTOR VEHICLE LIABILITY POLICIES

(a) an injury to which the Protocols Regulations apply that is diagnosed and treated in accordance with the Regulations, the expenses payable for any treatment, supply or service, diagnostic imaging, laboratory testing, specialized testing, visit, therapy, assessment or making a report, or any other activity or function authorized under the Protocols Regulations, and for which payment is made in the manner required by and subject to the provisions of the Protocols Regulations, notwithstanding anything to the contrary in this section; and

(b) an injury

(i) to which the Protocols Regulations apply but that is not diagnosed and treated in accordance with the Protocols Regulations,

(ii) to which the Protocols Regulations cease to apply but for which the insured person wishes to make a claim under provision (4) (notice and proof of claim) of Subsection 3 – Special Provisions, Definitions, and Exclusions of this section, or

2. Subject to provision 3, the Insurer is not liable under this Subsection for those portions of expenses payable or recoverable under any medical, surgical, dental or hospitalization plan or law or, except for similar insurance provided under another automobile insurance contract, under any other insurance contract or certificate issued to or for the benefit of any insured person.
