1.0 POLICY STATEMENT

- 1.1 Direct Family Support for Children (DFSC) and Enhanced Family Support for Children (EFSC) provides funding to enable families to support their child with a disability at home. An enhanced funding component may be available for children and families who meet EFSC eligibility criteria.
- 1.2 The purpose of DFSC and EFSC is to support and maintain the integrity of families of eligible children and to:
- a) support children with disabilities to live at home;
 - b) maximize family supports and community participation; and
 - c) prevent or delay the need for an out of home placement.
- 1.3 DFSC and EFSC provide funding for the purchase of respite services to assist with scheduled breaks for family care givers.
- 1.4 EFSC provides funding to assist families to support their child at home when their child's care and support needs are considered extremely challenging and they require comprehensive, highly structured and skilled forms of support and intervention. This funding assists families to hire support workers who have specialized training, education or experience related to the needs of the child.
- 1.5 DFSC and EFSC do not provide funding for fulltime 24/7 in-home support, or compensation to caregivers for supporting their child with a disability, or replace public school or early intervention programs.
- 1.6 DFSC and EFSC recognizes that families have a responsibility to provide basic needs for their children. In addition to respite funding a child may be entitled to receive funding for assessed needs associated with their disability.
- 1.7 This Policy replaces the Direct Family Support Policy (last revised June 1, 2015) and the Enhanced Family Support for Children Policy (December 2012).

2.0 POLICY OBJECTIVE

To describe the DFSC/EFSC programs and enable the consistent application of the DFSC/ EFSC Program Policy in determining initial and ongoing eligibility.

3.0 DEFINITIONS

3.1 **Activities of Daily Living**

A person's basic, routine personal care activities that are essential to their self-care. This includes activities such as bathing and dressing, toileting and grooming, and eating.

3.2 **Applicable Asset**

Money received by an applicant/participant, or the family on their child's behalf, through a court order or through a liability award or settlement, for the cost of their care, support

and accommodations.

3.3 **Applicant**

A person with a disability, who applies for financial assistance and supports from the Disability Support Program (DSP).

3.4 **Assessment**

A process of collecting information using a consistent methodology in order to determine an applicant/participant's eligibility for supports from the DSP. Assessment identifies the applicant/participant's needs, and assists DSP staff in making informed decisions around what supports can best meet their needs. This is the foundation for basing decisions related to the provision of supports and services.

3.5 **Assessed Needs**

An applicant/participant's need for supports as identified through a functional assessment.

3.6 **Assistance**

The provision of money, goods and services to a DSP participant.

3.7 **Basic Needs**

Items of basic requirement: food, clothing, shelter, fuel, utilities, household supplies and personal requirement that families have a responsibility to provide for their children.

3.8 **Care Coordinator**

A Department of Community Services, DSP employee responsible for financial and functional assessments, case planning and case management.

3.9 **Casework Supervisor**

A Department of Community Services (DCS), DSP employee responsible for overseeing the work and decisions made by a Care Coordinator, and other assigned duties.

3.10 **Direct Family Support Program Coordinator**

Provincial program coordinator for the DSP Program.

3.11 **Direct Family Support Program for Children Income Guidelines**

Considers a family's size and annual net income to determine financial eligibility and features a sliding scale for monthly family contributions.

3.12 **Disability**

The following restrictions or impairments that result in a reduced ability to perform an activity within the range considered typical for child of the same age or gender:

- a) the child has been diagnosed by an approved clinician as having a mild or moderate **intellectual developmental disability** with a significant behavioral challenge that has been documented within the last two years;
- b) the child has been diagnosed by an approved clinician as having a severe **intellectual developmental disability** that has been documented within the last

two years;

- c) the child has been diagnosed by an approved clinician as having a significant **physical disability** with ongoing functional limitations that are a result of the disability and which seriously limits their capacity to perform age appropriate activities of daily living; or
- d) the child has been diagnosed by an approved clinician as having a dual diagnosis consisting of any of the above.

3.13 Disability Support Program Specialist

A Department of Community Services, DSP employee responsible for regional delivery of DSP Programs.

3.14 Eligibility

The determination of whether an applicant/participant or family meets the DSP criteria to receive DSP assistance.

3.15 Functional Assessment

The determination of a child's support needs in the area of activities of daily living and instrumental activities of daily living, as well as their level of physical and social functioning, as assessed by a Care Coordinator.

The information gathered for purposes of the assessment comes from a variety of sources including the child, their family and supports, direct observation and collateral contacts. The assessment yields a clear and complete profile of a child's strengths, and assists in identifying their goals and support needs.

3.16 Independent / Independence

The degree to which children are able to manage their own personal care activities, home and/or community activities.

3.17 Instrumental Activities of Daily Living (IADL)

More complex functions than basic self-care activities of daily living. 3.18 Intellectual Developmental Disability

A disorder that includes an intellectual deficit which creates difficulties in functioning in two or more activities of daily living and/or instrumental activities of daily living within the range considered typical for a person of the same age and gender, which occurs prior to the age of 18 years. Each of these criteria must be present:

- a) Deficits in mental abilities such as reasoning, problem solving, planning, abstract thinking, judgment, academic learning, and learning from experience. An intelligence quotient (IQ) below the population mean, which is typically an IQ score of approximately 70. There are four levels of intellectual disability:

1. Mild: IQ of 50 to 70;
2. Moderate: IQ of 39 to 55;
3. Severe: IQ of 20 to 40; and
4. Profound: IQ of 20 to 25.

A learning disability is not the same as an Intellectual Developmental Disability, as average or above average intellectual functioning is required for a learning disability; and

- b) Impairments in functioning within two or more aspects of activities of daily living or instrumental activities of daily living; for example, communication, social participation, functioning at school or at work, or personal independence at home or in community settings; and
- c) Onset before the age of 18 years.

A child with a disability who has undergone a financial and functional assessment, is determined eligible for the DFSC or EFSC Program, and receives supports and services offered through the DSP Program.

3.21 Physical Disability

A long-term, chronic and persistent physical limitation that creates significant difficulties in functioning in two or more aspects of activities of daily living or instrumental activities of daily living within the range considered typical for someone of the same age or gender. The physical disability substantially limits functional independence and results in the child requiring ongoing support and skill development.

3.22 Reassessment

Reassessment confirms a child's needs and level of support or care requirements. Reassessments are performed in response to changes in a child's circumstances and may identify changes in their support needs and program resource requirements.

3.23 Respite

Relief provided to the parent, family, or guardian of a DSP Program participant, for a specific period of time.

3.24 Special Needs

3.25 Transfer

Transfers between DSP Program support options.

3.26 Transition

Discharge from a DSP Program support option.

3.27 For additional policy definitions refer to the DSP Glossary of Terms.

8.1 Functional Assessment

Eligibility is determined using an assessment process. The Care Coordinator conducts a functional assessment using a standardized Support Assessment Tool (SAT) to identify the level of support the child and their family requires and a Special Needs Agreement

form signed by the child's parents. The Care Coordinator also conducts a financial assessment based on the family size and net income (see **section 8.2**).

8.2 Financial Assessment

8.2.1 The Care Coordinator shall determine a child's financial eligibility for the DFSC/EFSC Program by conducting a financial assessment in accordance with the [DFSC Program Income Guidelines](#).

8.2.2 The DFSC/EFSC Program provides funding for respite and for special needs related to the child's disability, including:

- a) personal care supplies (e.g., diapers for children over four years of age);
- b) funding for transportation to medical related appointments;

8.2.3 A family requesting funding for a special need must seek approval for the most economical item or service prior to purchase.

8.2.4 Funding for respite and special needs will be issued effective the date of approval and will be prorated from that date.

8.2.5 The DFSC/EFSC Program provides a transitional funding allowance when the child turns 18 years of age (see **section 8.7**).

8.3 Maximum DFSC/EFSC Funding Rates

8.3.1 The amount of respite funding provided by the DFSC/EFSC Program will vary from child to child, as it is determined individually through the assessment process. The maximum respite funding rate for DFSC is \$2,200.00 per month. This funding is intended to give the participant's family scheduled breaks from care giving and is not intended for 24 hour support.

8.3.2 A child who meets the general eligibility criteria for DFSC (see **section 6.1.1**) and whose funding needs exceed the \$2200 per month maximum available through DFSC may be eligible for funding provided under EFSC. See **section 6.3.1**

8.4 Family Responsibilities for Use of DFSC and EFSC Funding

8.4.1 Families participating in the DFSC/ EFSC Program are responsible for ensuring that respite funding is used appropriately and that the respite provider(s):

- a) is knowledgeable about the child's support needs;
- b) is mature and responsible;
- c) has the required skills, knowledge and information to support the child;
- d) is comfortable with all the child's support needs; and

8.5 Summer Respite Funding

8.5.1 Summer respite funding may be requested by a participant's family to provide children with the opportunity for structured out-of-home summer activities. Subject to the limits in **section 8.5.4** summer respite funding may be provided in addition to the monthly maximum respite rate.

8.5.2 Families are eligible for summer respite funding when:

- a) they have submitted a formal request for summer respite funding;
- b) they have enrolled, or agree to enroll, their child in a structured out-of-home summer activity; and
- c) they have verified, or can verify, the child's participation by providing receipts.

8.5.3 The amount of summer respite funding that may be provided is dependent on the actual cost of the structured out-of-home activity to a maximum level set out below, which is dependent upon the age of the child, as follows:

- a) the maximum level of funding for summer respite for a child age 12 or under is up to \$500.00 per calendar year;

Child care cost funding will not be provided to replace the child's school or day time program.

Parents are responsible for basic child care for children 12 and under.

8.7 Interim Child Allowance

8.7.1 The Interim Child Allowance may be provided when a child turns 18 years of age and is no longer eligible to receive the Canada Child Benefit. Subject to the limits in **section 8.7.2**, Interim Child Allowance funding may be provided in addition to the monthly maximum respite rate.

8.7.2 Families are eligible for the Interim Child Allowance funding when:

- a) The child and family meet DFSC eligibility criteria (see section 5.0) and are eligible for funding under the DFSC program;
- b) the child is 18 years of age;
- c) the family had been in receipt of the Canada Child Benefit prior to the child turning 18 years of age;
- d) the family has provided verification of the amount of the last Canada Child Benefit payment.

The amount of Interim Child Allowance funding that may be provided is dependent on the actual amount of monthly Canada Child Benefit payments received by the family for that

child. These payments cannot exceed the standard household rate for a boarding accommodation type for a single participant. The Interim Child Allowance will be discontinued the month following the child's 19th birthday

9.0 DETERMINING ELIGIBILITY FOR ENHANCED FAMILY SUPPORT FOR CHILDREN FUNDING

- 9.1 The Care Coordinator will consult with the Casework Supervisor to review supporting documentation and the Care Coordinator's eligibility recommendation.
- 9.2 The Casework Supervisor will review all information and documentation, and forward their recommendation and all supporting documents to the DSP Specialist.
- 9.3 The DSP Specialist will review all documents and the make an eligibility recommendation to the DSP Director who may approve EFSC funding.

10.0 FUNDING REVIEW AND REASSESSMENT FOR EFSC FUNDING

- 10.2 If an adjustment in funding is requested, a full reassessment is required.
- 10.3 A full reassessment shall be completed when:
 - a) the child's care and support needs have significantly changed;
 - b) the child's family experiences significant changes in their circumstances which impact their ability to support their child.
- 10.4 Reviews and reassessments shall be completed by the Care Coordinator in consultation with the child and their family.

11.0 COMMUNITY SERVICES / HEALTH AND WELLNESS COLLABORATIONS

- 11.1.1 There are circumstances when assistance from both DCS and the Department of Health and Wellness (DHW) are provided to a participant. In these circumstances the Care Coordinator shall:
 - a) identify the sources of funding and services available through the DHW;
 - b) ensure the participant's consent form has been signed;
 - c) contact the Nova Scotia Health Authority Care Coordinator to determine the

type and level of service or the amount of funding provided; and

- d) ensure there is no duplication of funding and services.

12.0 FUNDING REVIEW AND REASSESSMENT

The child's family is required to report to the Care Coordinator any changes in circumstances, financial and personal, which may affect their child's ongoing eligibility or level of required support from the DFSC Program.

14.0 TEMPORARY AND EXTENDED ABSENCES

14.1 Additional Temporary Respite in Exceptional Circumstances

14.1.1 It is recognized that in exceptional circumstances the assessed needs of the DFSC/EFSC participant's family may increase and additional respite funding may be required on a temporary basis.

14.1.2 Additional temporary respite funding may be considered when:

- a) the care giver is sick, recovering from surgery, or otherwise unable to continue regular support responsibilities;
- b) a family emergency (e.g. death in the family, requires the family to be unavailable for regular support responsibilities);
- c) a short-term deterioration in the mental or physical health of the care giver or participant;
