**1894 Barrington
Street, PO Box
488
Halifax, Nova
Scotia, B3J 2R8**

Important Note to Reader:

If a Nursing Home or Residential Care Facility is “Not SEA Participating”, it means that applicants must apply directly to the facility and that government subsidy is not available. The rest of the homes are SEA Participating which indicates that admission to the Nursing Home or Residential Care Facility is exclusively through the Department of Health’s **Single Entry Access (SEA)** system. Eligible residents of SEA Participating Nursing Homes or Residential Care Facilities pay an authorized accommodation charge and have the health care portion of the long term care facility costs covered by the Department of Health.

There are two types of facilities:

Nursing Homes

are an option for people who have difficulty performing everyday tasks, such as dressing or bathing, and are appropriate for those who are medically stable yet have nursing needs beyond home care.

Residential Care Facilities

are for those who need personal care, supervision and accommodation in a safe and supportive environment and who are able to exit on their own in an emergency.

What services do nursing homes and residential care facilities provide?

Nursing homes provide nursing and personal care on a 24-hour basis including care given under the supervision of a nurse, administration of medication and assistance with daily living. Other services may include physiotherapy, occupational therapy, recreation, and those provided by a Social Worker.

Residential care facilities provide assistance with personal care such as, bathing and dressing, and reminders about daily routines. Personal care and supervision are provided by Residential Care Workers who are available on site at all times. For both nursing homes and residential care facilities, staff administer all medications for residents.

The facilities have medical advisors but residents may continue to visit their family doctor. Residents usually have private bedrooms or share with one other person but common spaces include dining and living areas, bathrooms, and outdoor spaces.

How do I apply to Long Term Care?

To apply for residency in a nursing home or a residential care facility, contact Continuing Care toll-free at 1-800-225-7225. We will guide you through the application process and arrange for a care coordinator to assess your needs – to identify the best way to meet your needs.
