Assessment
- cardiac / O₂ monitor

- PCP
- ICP
- ACP
- CCP

airway/ventilation adequate

BP/perfusion adequate

O₂ 100%

IV saline lock

- evidence of burns
  - Yes
    - see burn protocols
  - No

- evidence of trauma
  - Yes
    - see general trauma care protocol
  - No

Transport

*consider early intubation if any evidence of airway burn
