

Public Notice – Administrative Application Under Review

The following *Application(s)* has been received:

Applicant: Université Sainte-Anne	Type of Application: Amendment (authorize non-commercial cultivation of American lobster)
Application File Number(s): AQ#1457	Species (current): Sugar kelp
Location: Petit de Grat, Richmond County	Method of Cultivation: Land-based non-commercial
Application Received On: July 12, 2024	

The application is under review by the Department and other relevant provincial and federal departments and agencies where applicable. A copy of the application and supporting documentation will be posted to the Department's website after initial screening. Following the review phase, complete applications will be referred to the Nova Scotia Aquaculture Administrator. The Aquaculture Administrator shall then post a notice inviting members of the public to provide written comment on the applications for a 30-day period. Notification of the date of the public comment period will be made through the Department's website. Following the public comment period, the Aquaculture Administrator will issue a decision on the application(s) and the decision will be posted on the Department's website.
