Site Report and Development Plan
(Renewal of Marine Aquaculture Licence / Lease)

Preamble:

This document is prepared by the Department of Fisheries and Aquaculture (the "Department") and then sent to the current licence / lease holder wishing to renew their aquaculture licence / lease (the "Licensee"). The Licensee is then required to review the information against their Farm Management Plan and must provide any updates in the spaces provided.

Spaces that look like this must be completed by the Licensee

The Licensee must then submit a complete application and include this document in support of their application to renew an existing licence / lease.

Information flagged by the licensee as business confidential shall be redacted by the Department prior to posting the application (and supporting documentation) publicly online. By default, all actual production values are redacted.
