Application Materials

A complete application includes the following:

- Renewal fee (payable to Minister of Finance) according to Section 77 of the Aquaculture Licence and Lease Regulations for Nova Scotia made under Section 64, Chapter 25 of the Acts of 1996, *the Fisheries and Coastal Resources Act*
- Application Form
- Development Plan according to application
- Copy of up-to-date Shareholder's Register which sets out the shareholdings of the company (if applicable)

Public Notice and Disclosure

As part of the process for deciding on an aquaculture application, the Nova Scotia Department of Fisheries and Aquaculture ("Fisheries and Aquaculture") will disclose application information to other government bodies, including, if applicable, the Nova Scotia Aquaculture Review Board for use at an adjudicative hearing relating to the application.

Submit completed applications to: **Nova Scotia Department of Fisheries and Aquaculture, Aquaculture Division**
1575 Lake Road, Shelburne, NS B0T 1W0
E-mail: aquaculture@novascotia.ca

NOVA SCOTIA

Office Use Only

In accordance with departmental policy, which seeks to promote public involvement in the process for deciding on aquaculture applications, Fisheries and Aquaculture may disclose application information – not including, however, personal or business confidential information – on the departmental website.

Privacy Statement

The personal and business confidential information collected as part of an aquaculture application will only be used or disclosed by Fisheries and Aquaculture for the purpose of deciding on the application.

All application information collected is subject to the Freedom of Information and Protection of Privacy Act ("FOIPOP") and will only be used or disclosed in accordance with FOIPOP.

By signing and submitting this form, I acknowledge that I have read, understand, and accept the above statements regarding the collection, use, and disclosure of the information provided on this form.

Site Report and Development Plan
(Renewal of Marine Aquaculture Licence / Lease)

Preamble:

This document is prepared by the Department of Fisheries and Aquaculture (the "Department") and then sent to the current licence / lease holder wishing to renew their aquaculture licence / lease (the "Licensee"). The Licensee is then required to review the information against their Farm Management Plan and must provide any updates in the spaces provided.

Spaces that look like this must be completed by the Licensee

The Licensee must then submit a complete application and include this document in support of their application to renew an existing licence / lease.

Information flagged by the licensee as business confidential shall be redacted by the Department prior to posting the application (and supporting documentation) publicly online. By default, all actual production values are redacted.

Section 1: Licence / Lease Details

Site No.	0602
Issued To *(Name)*	Kelly Cove Salmon Ltd.
Operation Type	Commercial
Site Type	Marine
Methods of Cultivation	☐Bottom without gear
	☐Bottom with gear
	☐Suspended
	☒Marine cage
Authorized Species	Atlantic salmon, Rainbow trout
Site Size	20.52 HA
Location	Shelburne Harbour
County	Shelburne
Current Term of Licence:	December 23, 2016 to December 23, 2026
Current Term of Lease:	December 23, 2016 to December 23, 2036

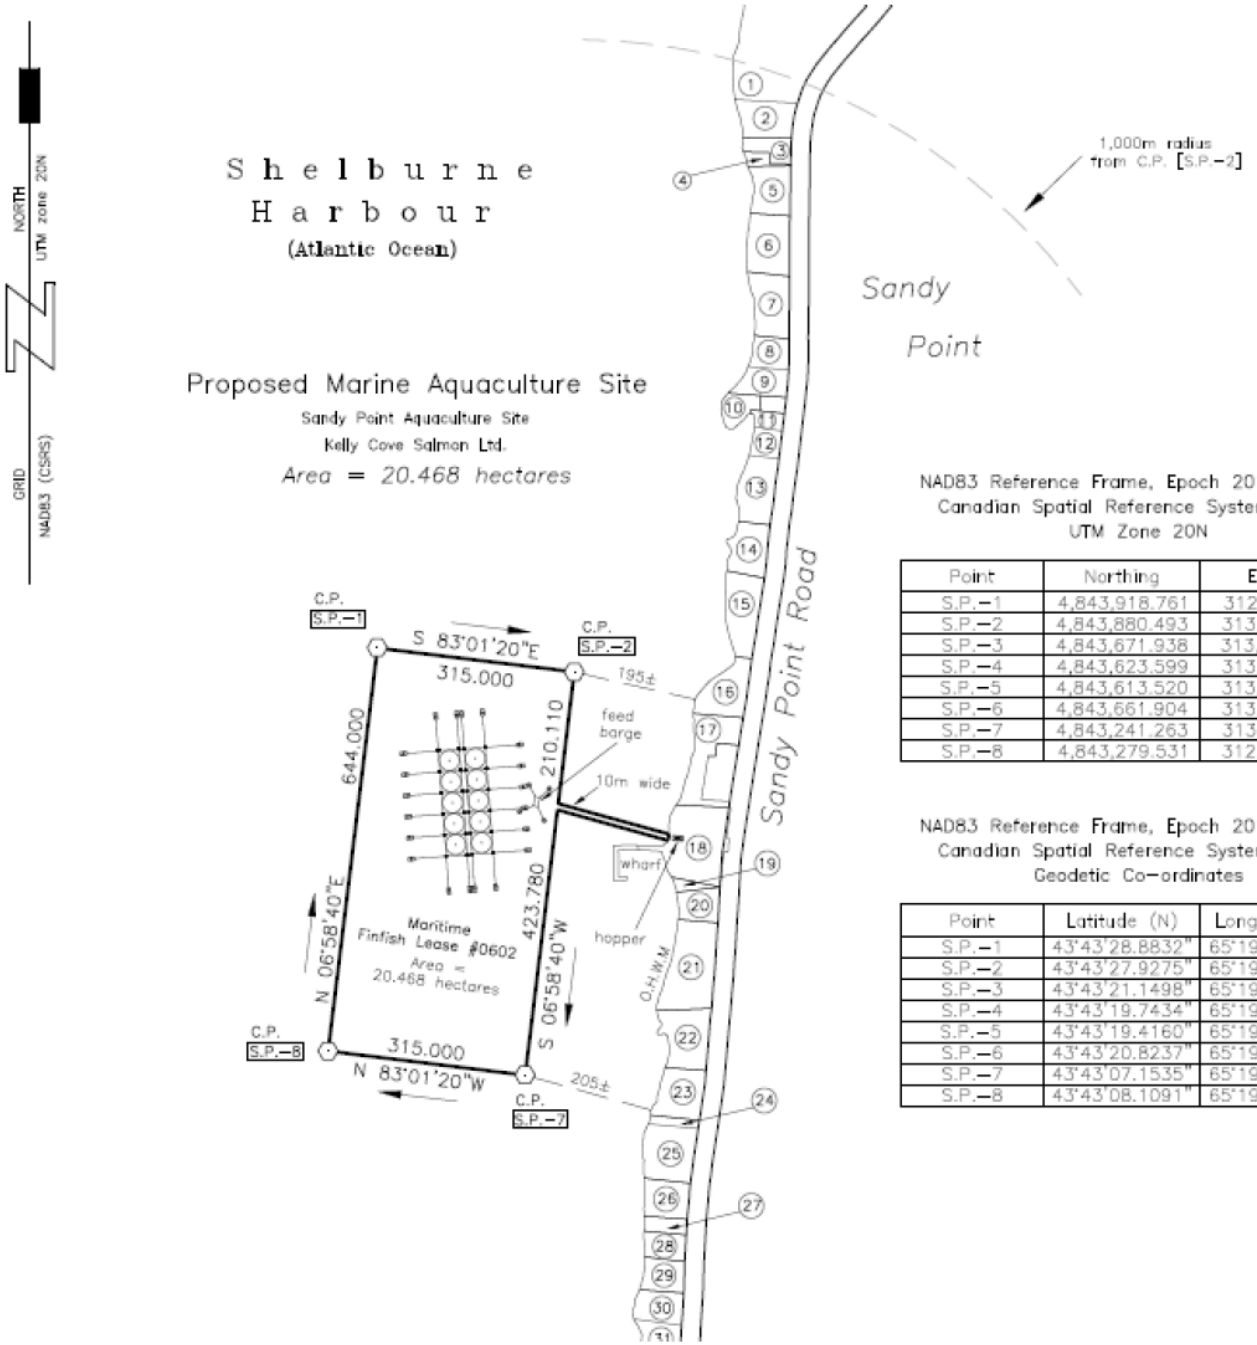

Site Map:	Refer to the enclosed Schedule “A” currently associated with the Licence / Lease (2 pages)

Section 2: Site Design

This section provides information about the general site layout, identifying locations of the different types of activities being conducted, and the gear used (including anchors) at the varying stages of cultivation on the farm.

Does the Department have an acceptable site design on record?	☒ Yes (site design has been provided to Licensee) ☐ No (Licensee must provide a new site design) ☐ N/A (Not applicable for sites that are only authorized for the bottom without gear cultivation method)
Department Notes:	N/A
Is the Licensee submitting a new or revised site design with their renewal application?	☐ Yes (site design has been provided to Department) ☒ No (The existing site design has not changed – this option can only be selected if "Yes" or "N/A" was selected above by the Department)

The following page(s) contain(s) any related site design(s).

Section 3: Development Plan

The information on this page is provided by the Department based on production reports submitted annually over the past 10 years. Production values are redacted by the Department prior to posting the renewal application online, for business confidentiality.

Production years included in this report:	2015	to	2024

Species Name	**10-Year Average Annual Production**	**Minimum Reported Annual Production**	**Maximum Reported Annual Production**
Atlantic salmon	[redacted]	$0	[redacted]
Rainbow trout	[redacted]	$0	[redacted]

Production Summary – Bar Chart

10-Year Production History - Farmgate Value ($CAD)

10-Year Production History - in kg

The following information describes the annual estimated amount of product to be introduced, raised and harvested, based on a fully developed site.

Atlantic Salmon

Information		On Record With Department / Notes	Updates from Licensee
Source and Amount of Seedstock Introduced Annually (specify kg or units)	Collected **off site**	None	
	Hatchery	220,000 fish @ 150g each	660,000 @150 g
Estimated Grow-out Time (specify months or years)		< 22 months	< 10 months
Target Annual Harvest Amount (specify kg or units)		1,210,000 kg, 5.5kg each	Nursery site not growing out to harvest weight

Production Plan On Record With Department / Notes:

Species and Strain	Stock Source hatchery	Number of Cages and Type	Cage Size (m)	Rearing & Predator Net Depth (m)		Total # of Fish Introduced	Mean Weight of Fish Introduced (g)	*Length of Grow-out Period	*Maximum Stocking Density (kg/m³)	*Maximum Biomass (kg)	*Total Amount of Feed (kg)	Average Harvest Weight (kg)
Atlantic Salmon, Saint John River	Buckman's Creek	10 HDPE	100 M	Predator	10	220,000	150	< 22 months	16	1,210,000	1,412,400	5.5
				Rearing	9							

New or Revised Production Plan from Licensee

Species and Strain	Stock Source (hatchery)	Number of Cages and Type	Cage Size (m)	Rearing & Predator Net Depth (m)		Total Number of Fish Introduced	Mean Weight of Fish Introduced (g)	*Length of Grow-out Period	*Maximum Stocking Density (kg/m³)	*Maximum Biomass (kg)	*Total Amount of Feed (kg)	Average Transfer Weight (kg)
Atlantic Salmon-St John River Strain	Buckman's Creek Penobsquis Elmsville	**10**	**100 M**	**Predator**	**10**	**660,000**	**150**	**4.5 months**	**7**	**330,000**	**277,200**	**.500**
		HDPE		**Rearing**	**9**							

Rainbow trout

Information		On Record With Department / Notes	Updates from Licensee
Source and Amount of Seedstock Introduced Annually (specify kg or units)	Collected **off site**	Not in current plan	
	Hatchery	Not in current plan	
Estimated Grow-out Time (specify months or years)		Not in current plan	
Target Annual Harvest Amount (specify kg or units)		Not in current plan	

Production Plan On Record With Department / Notes:

Not in current plan

New or Revised Production Plan from Licensee

Not in current long term plan.

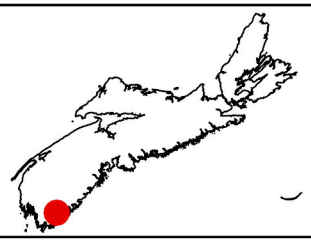

Section 4: Additional Information

If there is additional information that the Department or Licensee wishes to include in the Site Report and Development Plan, it will be added to this section.

Additional Information Included by the Department / Notes:
N/A

Additional Information Included by the Licensee:
KCS is using Lease #0602 Sandy Point as a nursery site. Therefore, fish will spend <10 months on this lease and then be moved to another marine farm to finish the grow-out.
