

Public Notice – Adjudicative Amendment Proposal Extension Granted

The following *Proposal for an Adjudicative Amendment Extension* has been granted:

Aquaculture Licence and Lease #0911 (AQ#0911)	
Type of Adjudicative Amendment: Increase Site Boundaries	
Licence and Lease Holder: D'Eon Oyster Company Ltd.	Species: American oyster, Bay scallop, Bay quahog
Site Location: Eel Lake, Yarmouth County	Method of Cultivation: Suspended Shellfish Cultivation
Previous Approval Period: January 17, 2022 to July 17, 2022	New Extended Approval Period: January 17, 2022 to January 17, 2023
Area: See attached map(s)	

During this time, the above licence and lease holder has the exclusive right, for the duration of the approval period above, to apply for the Adjudicative Amendment to the Aquaculture Review Board for the proposed new boundaries. During the approval period, no other party may make application or be granted an option for the area for which this proposal was granted.

As part of this process, the licence and lease holder is required to hold **at least one public information session** in a community close to the site. Details of this session will be published at a later date by the licence and lease holder.

Any applications arising from this process will be reviewed by the Aquaculture Review Board.

Additional information on the *Adjudicative Amendment* process can be found at <https://novascotia.ca/fish/aquaculture/licensing-leasing/>
