

This licence made in duplicate this _____ day of _____, 20_____.

BETWEEN:

HER MAJESTY THE QUEEN, in right of the Province of Nova Scotia, represented in this behalf by the Honourable Minister of the Nova Scotia Department of Fisheries and Aquaculture,

hereinafter referred to as "**THE MINISTER**"

OF THE ONE PART

- and -

hereinafter referred to as "**THE LICENCEE**"

OF THE OTHER PART

WHEREAS the Minister, under the provisions of the Fisheries and Coastal Resources Act, R.S.N.S. 1996, Chapter 25, is authorized to grant aquaculture licences for the purpose of conducting aquaculture in Nova Scotia;

AND WHEREAS the Licencee wishes to conduct aquaculture in the Province.

1. The Minister hereby grants to the Licencee a licence to use a 40.0 hectare area located in the body of waters known as Jordan Bay, more particularly described in Schedule "A" attached to and forming part of this Agreement for the marine cage cultivation of (Atlantic salmon) **Salmo salar**.
2. The term of this licence shall be for ten years commencing on the 2nd day of September, 2012 to the 1st day of September, 2022 with the right of renewal, in accordance with the terms of the Act & Regulations.
3. The Licencee shall pay to the Minister an annual fee as set out in the Regulations. The first payment is due upon issuance of the licence, with further annual payments due in full within 60 days after each anniversary of the granting of the licence.

4. Any undertakings required by Schedule "B" to this licence, and any permits, protocols, approvals, licences or permissions which may be required under the laws of the Province or Canada form part of this Agreement, and the Licencee hereby agrees to comply with any conditions or limitations contained in these requirements unless compliance for licencing purposes is expressly waived by the Minister. The Licensee is responsible for confirming any requirements under the laws of Canada and ensuring compliance with them.
5. This licence may not be assigned without the express written consent of the Minister. If the Licencee is a corporation, any change in the right to control the corporation shall be deemed to be an assignment. No assignment shall be binding on the Minister until approved by him.
6. The Minister will not normally approve of a licence assignment unless the site has been in production for a period of at least one year.
7. In the event that the Licencee shall cease conducting an aquaculture business in the normal course, become insolvent, make a general assignment for the benefit of creditors, suffer or permit the appointment of a receiver of its business assets, or avail itself of any proceeding in bankruptcy under any statute relating to insolvency or the protection of rights of creditors, then, at the option of the Minister, this licence shall terminate and be of no further force and effect subject only to the right of the Minister to claim for damages.
8. The Licencee agrees to comply with the Enhanced Monitoring Plan more particularly described in Schedule "C" attached to and forming part of this Agreement.
9. The Licencee agrees to comply with the Code of Containment for Culture of Atlantic Salmon in Marine Net Pens in New Brunswick more particularly described in Schedule "D" attached to and forming part of this Agreement.
10. The Licencee agrees to comply with any environmental monitoring program requirements determined by the Minister. Any data required under the program shall be submitted to the Minister for purposes of site evaluation and may be made public in whole or in part.

11. The Licencee, its employees, workers and agents must not allow the release or escapement of finfish either through a deliberate act or acts or through negligence or accident. The Licencee, its employees, workers and agents shall take all measures necessary to prevent such an occurrence. In the event of a release or an escapement of finfish, the Licencee shall contact and notify the Nova Scotia Department of Fisheries and Aquaculture within four (4) hours of the Licencee having knowledge of the release or escapement of any of the aforesaid. No finfish that have been released or that have escaped from an aquaculture facility may be recaptured, unless authorized in advance, by permit or licence from the appropriate authority or authorities.

12. The Licencee must develop, submit and comply with a fish health management plan that is acceptable to the Minister.

13. The Licencee shall submit to the Minister, if requested, a report stating such information as the Minister requires concerning the Licencee's use and the productivity of the licence area.

14. The Licencee is hereby prohibited from using the site in any way that would interfere with other licenced aquaculture operations.

15. If the Minister, in its sole discretion, is of the opinion that the aquaculture activities authorized by this licence are detrimental to or interfere with previously licenced facilities, the Minister may cancel this licence upon reasonable notice without compensation.

16. If, in the opinion of the Minister, the Licencee fails to utilize all of the site for aquaculture purposes, the Minister may, in his sole discretion cancel that portion of the area that is unused.

17. The Minister may cancel this licence without advance notice or compensation if the Minister in his sole discretion finds any form of disease on the site which could adversely affect either aquatic flora or fauna, or render the aquacultural produce unsuitable for human consumption.

18. The Minister may cancel this licence without advance notice or compensation if the Licencee is found by a court of competent jurisdiction to be in violation of any law of the Province or Canada relating to fishery activities.
19. The Licencee shall immediately remove from the site and safely dispose of any contaminated substance in accordance with the laws of the Province and the laws of Canada.
20. If the Licencee fails to perform any of its obligations under this licence, the Minister may perform them at the Licencee's expense. In addition to any other remedies available, the Minister shall have a first priority charge for the amount due to it on the aquacultural produce within the site.
21. If the Licencee is in breach of any term of this licence and such breach is not corrected within the time period set out in the notice from the Minister, the Minister may cancel this licence without further notice or compensation.
22. Should it become necessary for the Minister to expropriate the Licencee's rights under this licence, it is hereby agreed that the value of the licence for purposes of expropriation compensation shall not exceed the depreciated value of improvements made by the Licencee that cannot be removed from the site. No compensation may be claimed for the cancellation of this licence where compensation is paid or payable in relation to the expropriation of a licence for the same area.
23. Any notices required to be given under this licence may be sent to the parties at their addresses set out in the heading of this Agreement. Nothing in this section prohibits the giving of notice by any other means. The Licencee must notify the Minister of any change of address within 30 days.
