## 1. Message from the Minister

I am pleased to present the 2014-2015 Statement of Mandate for the Department of Finance and Treasury Board.

In 2013-2014 the Departments of Finance and Treasury Board merged to provide better coordination of policy and financial advice and services required of a central government agency. The combined mandates of Finance and Treasury Board better ensures that plans and policies of the Government of Nova Scotia are implemented in a coordinated and fiscally responsible manner.

The Department of Finance and Treasury Board supports Government by establishing a sound fiscal plan and financial framework to support the priorities of Nova Scotia. The Department achieves this by providing financial leadership, administering a fiscal framework, developing and monitoring the Government's expenses, overseeing the financial controls of the Province, and by providing meaningful and transparent financial reporting to Nova Scotians.

On March 7, 2014, Government announced the transfer of several services previously provided by the Department of Finance and Treasury Board to the new Department of Internal Services. The realignment of these services will improve efficiency, reduce service overlaps and improve responsiveness to clients and citizens. An important priority and focus of the Department of Finance and Treasury Board in 2014-2015 will be ensuring the efficient and effective transition of these services to the new Department.

This year Finance and Treasury Board will play a key role in supporting a comprehensive review of Nova Scotia's tax regime. This review will examine the Province's tax system and regulations to help position Nova Scotia to deal with its demographic, fiscal and economic challenges.

Legislative amendments to the Liquor Control Act and regulatory changes to enable licensing of ferment on premises operators in the Province will be introduced this year. The purpose of this work is to provide clarity and standards for u-vint and u-brew services, which is a relatively new sector in Nova Scotia.

The Department is also looking at the feasibility of implementing social impact bonds in Nova Scotia. Social finance has the potential to create opportunities for both investors and community organizations. This may be a way to provide access to new sources of funds for projects that will benefit our society.

Through its activities and responsibilities, the Department supports government decision-making, from day-to-day operations to budget formulation. The work of the Department supports Government's priorities and their goal to help build a culture of innovation in Nova Scotia. The Department of Finance and Treasury Board relies on the dedication and expertise of its employees to achieve its objectives, and I would like to thank them for their ongoing efforts.

Honourable Diana Whalen  
Minister of Finance and Treasury Board  
April 2, 2014

## **2. Department Mandate**

The mandate of the Department of Finance and Treasury Board flows primarily from the Finance Act and the Public Service Act. Outcomes required by legislation include establishing a sound fiscal framework and financial control over public finances, providing meaningful, transparent financial reporting, including the provincial budget, forecasts and Public Accounts and providing horizontal leadership and strategic policy and expenditure analysis to Treasury and Policy Board.

These outcomes are accomplished by providing professional services and support to provincial government departments and entities. The department manages the debt of the Province, delivers financial, budgeting, accounting, fiscal and economic policy advice, and provides statistical services to help inform decision making across government.

On March 7, 2014, Government announced that, effective April 1, 2014, the following services now provided by the Department of Finance and Treasury Board will be transferred to the new Department of Internal Services:

- Operational Accounting
- Payroll Client Relations
- Payment Transaction Services
- Internal Audit
- NS SAP

The Department also supports the Minister of Finance in overseeing certain crown agencies, including the Nova Scotia Liquor Corporation and the Nova Scotia Securities Commission.

### **Vision**

A Nova Scotia with sound public finances.

### **Mission**

To support a sustainable Nova Scotia through sound public finances, transparent accountability and financial reporting, and prudent financial management.

### **3. Government Priorities**

The Department of Finance and Treasury Board supports the achievement of Government priorities by establishing the fiscal framework within which Government programs and services must operate. A sound fiscal framework is critical to the success of Government initiatives.

#### **Responsible fiscal management**

The Department provides broad economic, statistical, and financial information that serves to inform the policy and decision making of government. The Department ensures extensive, ongoing support to government fiscal planning through research, analysis and consultation across the provincial government and with federal counterparts. The department also provides leadership on financial reporting. Across government, the department provides ongoing support and assistance to other departments and entities in financial, budgeting, accounting, fiscal, economic and statistical analysis to help ensure that the government's fiscal plan is being adhered to on a corporate level. The Department's management of the treasury functions for the Province, which includes cash and debt management, is done with a view to maximizing efficiencies and minimizing risks while keeping government's short term needs and long term objectives in mind.

#### **Prosperous businesses of all sizes - creating jobs across the province**

The Department provides economic, statistical, and fiscal information to support corporate policy objectives to increase investment and economic growth in the Province and help build a culture of innovation.

#### **Investing in student success with a renewed and strengthened education system, Helping all Nova Scotians meet their fullest potential by supporting vulnerable communities, and Accessible, responsive healthcare**

The department's ongoing efforts to provide thorough statistical and demographic information and establish a sound fiscal framework and support good financial management and fiscal prudence allows government to allocate government resources to important priorities for Nova Scotians.

**4. Performance Measurement**

**Outcome 1 – A sound fiscal framework**

Outcome	Measure	Past Data	2014-2015 Target	Long term target	Strategic Actions to achieve target
A sound fiscal framework	1.1 Maintain or improve Credit rating by major rating agencies	DBRS: “A” “I” (2013)  S&P: “A+” (2013)  Moody’s: “Aa2” (2013)	Maintain or improve ratings	Maintain or improve ratings	Maintain debt plan and borrowing program and continue positive relations with investment community and rating agencies
	1.2 Unqualified auditor’s report on Revenue Estimates	None (new measure)	Released Revenue Estimates with unqualified auditor’s report in spring 2014 with the 2014-15 budget	Released with unqualified auditor’s report on Revenue Estimates with the budget each spring	Advance planning and collaboration with other Departments, Entities and OAG; early problem and work load identification; adherence to PSAB standards
