Prescribed Petroleum Products Prices

Order dated October 23, 2014

made by the Nova Scotia Utility and Review Board
pursuant to Section 14 of the *Petroleum Products Pricing Act*
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

Order**NSUARB-GAS-W-14-44****In the Matter of the *Petroleum Products Pricing Act*****- and -**

**In the Matter of Prescribing Prices for Petroleum Products
pursuant to Section 14 of the *Petroleum Products Pricing Act* and
Sections 16 to 19 of the *Petroleum Products Pricing Regulations***

Before: Kulvinder S. Dhillon, P. Eng., Member**Order**

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the Board revised the retail margin and transportation allowance effective January 6, 2012, in its decision, 2011 NSUARB 181, issued on November 23, 2011;

And whereas the Board revised the wholesale margin effective January 4, 2013, in its decision, 2012 NSUARB 213, issued on December 12, 2012;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended October 22, 2014, are:

Grade 1 Regular gasoline	70.4¢ per litre
Ultra-low-sulfur diesel oil	74.2¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	70.4¢ per litre
Grade 2	73.4¢ per litre
Grade 3	76.4¢ per litre
Ultra-low-sulfur diesel oil	74.2¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	minus 1.8¢ per litre
Ultra-low-sulfur diesel oil:	minus 0.9¢ per litre

And whereas a winter blending adjustment of plus 4.5¢ per litre is required for ultra-low-sulfur diesel oil;

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., October 24, 2014.

Dated at Halifax, Nova Scotia, this 23rd day of October, 2014.

Clerk of the Board

23 A licensee must not advertise in a manner that does any of the following:

- (a) promotes immoderate consumption of liquor;
- (b) indicates that wine or beer is available for sale or exchange at a ferment-on-premises facility;
- (c) advertises the price of wine or beer on a per bottle basis.

Definition for offence under subsection 89(5) of Act

24 For the purpose of the offence relating to persons under the age of 19 years old in subsection 89(5) of the Act, “use the facility for the making of beer and wine” includes the licensee providing services for the purpose of making wine or beer at a ferment-on-premises facility.

Disciplinary Action and Expiry, Suspension or Cancellation of Licenses

Application of *Liquor Licensing Regulations* for disciplinary action and referrals to Review Board

25 Sections 81A to 83 of the *Liquor Licensing Regulations* apply to these regulations with the following changes:

- (a) “permanent licensee” must be read as “licensee”;
- (b) “permanent license” must be read as “ferment-on-premises license”.

Suspension of license on bankruptcy or receivership of licensee

26 The ferment-on-premises license of a licensee who goes into bankruptcy or receivership is suspended as of the date of any applicable receiving order, receivership appointment or receivership order.

Suspension of license on foreclosure of ferment-on-premises facility

27 The ferment-on-premises license of a licensee whose ferment-on-premises facility is subject to foreclosure is suspended as of the date of the order for foreclosure and sale.

Unfinished wine or beer at ferment-on-premises facility

- 28** (1) If a licensee’s ferment-on-premises license expires or is suspended or cancelled, the licensee may allow any unfinished wine or beer at the facility to remain there until the wine or beer is ready to be bottled by the customer and removed from the facility.
- (2) A person whose ferment-on-premises license expires or is suspended or cancelled must not conduct any new business respecting making wine or beer in the ferment-on-premises facility.

Designation of Additional Licensing Authorities Regulations

Order in Council 2014-442 dated October 28, 2014

Regulations made by the Governor in Council

pursuant to Section 27 of the

Prescription Monitoring Act

The Governor in Council on the report and recommendation of the Minister of Health and Wellness dated September 22, 2014, and pursuant to Section 27 of Chapter 32 of the Acts of 2004, the *Prescription Monitoring Act*, is pleased to make new regulations respecting the designation of additional licensing authorities, to designate the College of Registered Nurses of Nova Scotia as a licensing authority under the Act, in the form set forth in Schedule "A" attached to and forming part of the report and recommendation, effective on and after November 1, 2014.

Schedule "A"

**Regulations Respecting Designation of Additional Licensing Authorities
made by the Governor in Council under Section 27 of
Chapter 32 of the Acts of 2004,
the *Prescription Monitoring Act***

Citation

1 These regulations may be cited as the *Designation of Additional Licensing Authorities Regulations*.

Additional licensing authorities designated

2 For the purpose of the definition of "licensing authority" in clause 2(f) of the Act, the following body is designated as a licensing authority as of the date specified:

Licensing authority	Date designated
College of Registered Nurses of Nova Scotia	November 1, 2014

Expansion of Board for additional licensing authorities

3 (1) In addition to the directors required by Section 7 of the Act, the number of directors of the Board is expanded to include the following:

- (a) 1 director for each licensing authority designated in Section 2, who is nominated by the governing body of the licensing authority and appointed by the Governor in Council in accordance with clause 8(a) of the Act;
- (b) the registrar of each licensing authority designated in Section 2 or a designate of the registrar, in accordance with clause 8(b) of the Act.

(2) If a registrar or designate referred to in clause (1)(b) is not a member of the licensing authority with respect to which the registrar or designate holds office, the director for that licensing authority referred to in clause (1)(a) must be a member of that licensing authority.

Prescribed Petroleum Products Prices

Order dated October 30, 2014
made by the Nova Scotia Utility and Review Board
pursuant to Section 14 of the *Petroleum Products Pricing Act*
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

Order

NSUARB-GAS-W-14-45

In the Matter of the *Petroleum Products Pricing Act*

- and -

**In the Matter of Prescribing Prices for Petroleum Products
pursuant to Section 14 of the *Petroleum Products Pricing Act* and
Sections 16 to 19 of the *Petroleum Products Pricing Regulations***

Before: Roberta J. Clarke, Q.C., Member

Order

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the Board revised the retail margin and transportation allowance effective January 6, 2012, in its decision, 2011 NSUARB 181, issued on November 23, 2011;

And whereas the Board revised the wholesale margin effective January 4, 2013, in its decision, 2012 NSUARB 213, issued on December 12, 2012;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended October 29, 2014, are:

Grade 1 Regular gasoline	68.4¢ per litre
Ultra-low-sulfur diesel oil	73.9¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	68.4¢ per litre
Grade 2	71.4¢ per litre
Grade 3	74.4¢ per litre
Ultra-low-sulfur diesel oil	73.9¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	minus 1.4¢ per litre
Ultra-low-sulfur diesel oil:	minus 0.5¢ per litre

And whereas a winter blending adjustment of plus 4.4¢ per litre is required for ultra-low-sulfur diesel oil;

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule "A" effective on and after 12:01 a.m., October 31, 2014.

Dated at Halifax, Nova Scotia, this 30th day of October, 2014.

Sgd: *Elaine Wagner*
Clerk of the Board
