In force date of regulations: As of March 4, 2005*, the date a regulation comes into force is determined by subsection 3(6) of the *Regulations Act*. The date a regulation is made, the date a regulation is approved, the date a regulation is filed and any date specified in a regulation are important to determine when the regulation is in force.

*Date that subsections 3(6) and (7) and Sections 11 and 13 of the *Regulations Act* and amendments to the *Regulations Act* made by Chapter 46 of the Acts of 2004 were proclaimed in force.

Prescribed Petroleum Products Prices

Order dated October 9, 2014
made by the Nova Scotia Utility and Review Board
pursuant to Section 14 of the *Petroleum Products Pricing Act*
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

Order**NSUARB-GAS-W-14-42****In the Matter of the *Petroleum Products Pricing Act*****- and -****In the Matter of Prescribing Prices for Petroleum Products
pursuant to Section 14 of the *Petroleum Products Pricing Act* and
Sections 16 to 19 of the *Petroleum Products Pricing Regulations*****Before:** Roberta J. Clarke, Q.C., Member**Order**

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the Board revised the retail margin and transportation allowance effective January 6, 2012, in its decision, 2011 NSUARB 181, issued on November 23, 2011;

And whereas the Board revised the wholesale margin effective January 4, 2013, in its decision, 2012 NSUARB 213, issued on December 12, 2012;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended October 8, 2014, are:

Grade 1 Regular gasoline	75.8¢ per litre
Ultra-low-sulfur diesel oil	77.1¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	75.8¢ per litre
Grade 2	78.8¢ per litre
Grade 3	81.8¢ per litre
Ultra-low-sulfur diesel oil	77.1¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	minus 1.0¢ per litre
Ultra-low-sulfur diesel oil:	minus 0.9¢ per litre

And whereas a winter blending adjustment of plus 3.8¢ per litre is required for ultra-low-sulfur diesel oil;

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., October 10, 2014.

Dated at Halifax, Nova Scotia, this 9th day of October, 2014.

Sgd: Elaine Wagner
Clerk of the Board

8 Opening, cutting, breaking into, injuring or interfering with (specify) wastewater facility, stormwater system or property of Commission (specify) without written authorization of Commission	44. b)	\$233.95
9 Obstructing free access by Commission to wastewater facilities or stormwater system (specify)	44. c)	\$233.95
10 Customer selling unmetered water without prior written approval of Commission	45.(6)	\$233.95
11 Installing altering, changing or removing (specify) meter without prior written permission of Commission	46.(2)	\$233.95
12 Owner of property failing to cap abandoned service connections at water main	51. h) iii)	\$233.95
13 Connecting, causing to be connected or allowing to remain connected (specify) to water system or plumbing installation (specify) piping fixtures, fittings container or sanitary appliance (specify) that may allow water, wastewater or other liquid, chemical or substance to ingress or egress water system without prior written approval of Commission	52.(2)	\$233.95
14 Failing to install backflow prevention device	52.(3)	\$233.95
15 Connecting water service installation of customer to another source of water supply	53	\$233.95

16	Failing to install fire protection plumbing as required or connecting fire protection plumbing for purpose other than for fire protection (specify)	60.(1)	\$233.95
17	Connecting fire protection charge line to metered service without written approval of Commission	60.(2)	\$233.95
18	Failing to have wastewater or stormwater building connection inspected and brought into compliance with Commission regulations (specify)	61.(3)	\$233.95
19	Owner of property failing to cap off abandoned wastewater or stormwater service connections (specify) at main line as required by Commission	61.(7)	\$233.95
20	Connecting sump pumps or downspouts to or failing to disconnect sump pumps or downspouts from (specify) stormwater building service connection	61.(9)	\$233.95
21	Discharging into wastewater facility sewage or wastewater that causes or may cause health or safety hazard (specify)	63.(1) i)	\$693.95
22	Discharging into wastewater facility sewage or wastewater that causes or may cause obstructions or restrictions to flow in wastewater facilities	63.(1) ii)	\$693.95
23	Discharging into wastewater facility sewage or wastewater that causes or may cause offensive odour	63.(1) iii)	\$693.95
24	Discharging into wastewater facility sewage or wastewater that causes or may cause damage to wastewater facility (specify)	63.(1) iv)	\$693.95
25	Discharging into wastewater facility sewage or wastewater that causes or may cause interference with operation and maintenance of wastewater facility	63.(1) v)	\$693.95
26	Discharging into wastewater facility sewage or wastewater that causes or may cause restriction of beneficial use of biosolids from wastewater facility	63.(1) vi)	\$693.95
27	Discharging into wastewater facility sewage or wastewater that causes or may cause effluent from wastewater facility to violate Provincial or federal law (specify)	63.(1) vii)	\$693.95
28	Discharging into wastewater facility sewage or wastewater that causes or may cause capacity or hydraulic impacts that may interfere with operation of wastewater facility	63.(1) viii)	\$693.95
29	Discharging into wastewater facility sewage or wastewater with pH less than 5.5 or greater than 9.5 (specify pH)	63.(2) i)	\$693.95
30	Discharging into wastewater facility sewage or wastewater with 2 or more separate liquid layers	63.(2) ii)	\$693.95
31	Discharging into wastewater facility sewage or wastewater with temperature higher than 65°C	63.(2) iii)	\$693.95
32	Discharging into wastewater facility sewage or wastewater containing combustible liquid	63.(3) i)	\$693.95
33	Discharging into wastewater facility sewage or wastewater containing fuel	63.(3) ii)	\$693.95
34	Discharging into wastewater facility sewage or wastewater containing hauled sewage, hauled wastewater or leachate (specify) without prior written approval of Commission	63.(3) iii)	\$693.95
35	Discharging into wastewater facility sewage or wastewater containing ignitable waste	63.(3) iv)	\$693.95

36	Discharging into wastewater facility sewage or wastewater containing substance (specify) that may cause excessive foaming	63.(3) v)	\$693.95
37	Discharging into wastewater facility sewage or wastewater containing dyes or colouring materials that pass through wastewater facilities and discolour wastewater facilities or effluent (specify)	63(3) vi)	\$693.95
38	Discharging into wastewater facility sewage or wastewater containing pathological waste	63.(3) vii)	\$693.95
39	Discharging into wastewater facility sewage or wastewater containing PCBs	63.(3) viii)	\$693.95
40	Discharging into wastewater facility sewage or wastewater containing pesticides	63.(3) ix)	\$693.95
41	Discharging into wastewater facility sewage or wastewater containing reactive materials	63.(3) x)	\$693.95
42	Discharging into wastewater facility sewage or wastewater containing waste radioactive substances in concentrations greater than those specified for release under <i>Nuclear Safety and Control Act</i> (Canada) and its regulations	63.(3) xi)	\$693.95
43	Discharging into wastewater facility sewage or wastewater containing hazardous waste	63.(3) xii)	\$693.95
44	Discharging into wastewater facility sewage or wastewater containing extraneous water or wastewater without prior written approval of Commission	63.(3) xiii)	\$693.95
45	Discharging into wastewater facility sewage or wastewater containing animal offal	63.(3) xiv)	\$693.95
46	Discharging into wastewater facility sewage or wastewater containing concentration of substance that exceeds limit for substance in Section 63, Table 6: <i>Limits for Discharge to Wastewater Facilities</i> (specify substance and limit)	63.(4)	\$693.95
47	Discharging into wastewater facility sewage or wastewater for purpose of diluting to achieve compliance with regulations without prior written approval of Commission	63.(5)	\$693.95
48	Discharging uncontaminated water into wastewater facility without prior written approval of Commission	63.(6)	\$693.95
49	Connecting, causing to be connected or allowing to remain connected (specify) to wastewater facility or plumbing installation (specify) equipment or device (specify) in manner that allows or may allow stormwater to ingress or flow into wastewater facility	64.(2)	\$233.95
50	Discharging into stormwater system matter that causes or may cause health or safety hazard	66.(1) i)	\$693.95
51	Discharging into stormwater system matter that causes or may cause interference with stormwater system operation	66.(1) ii)	\$693.95
52	Discharging into stormwater system matter that causes or may cause obstruction or restriction of stormwater system or its flow	66.(1) iii)	\$693.95
53	Discharging into stormwater system matter that causes or may cause damage to stormwater system	66(1) iv)	\$693.95
54	Discharging into stormwater system matter that causes or may cause impairment to water quality in stormwater system	66(1) v)	\$693.95

55	Discharging into stormwater system matter that causes or may cause quality of water discharged from stormwater system to violate Provincial or federal law (specify)	66(1) vi)	\$693.95
56	Discharging into stormwater system matter that results in visible sheen, film or discoloration	66.(2) i)	\$693.95
57	Discharging into stormwater system matter that results in 2 or more separate layers	66.(2) ii)	\$693.95
58	Discharging into stormwater system matter that results in pH less than 6.0 or greater than 9.5 (specify pH)	66.(2) iii)	\$693.95
59	Discharging into stormwater system matter that results in temperature greater than 40°C	66.(2) iv)	\$693.95
60	Discharging into stormwater system matter that by itself or in combination with another substance is capable of producing foam that persists for 5 minutes or more	66.(2) v)	\$693.95
61	Discharging hazardous waste chemicals into stormwater system	66.(3) i)	\$693.95
62	Discharging combustible liquids into stormwater system	66(3) ii)	\$693.95
63	Discharging floating debris into stormwater system	66.(3) iii)	\$693.95
64	Discharging fuel into stormwater system	66.(3) iv)	\$693.95
65	Discharging hauled sewage or hauled waste (specify) into stormwater system	66.(3) v)	\$693.95
66	Discharging pathological waste into stormwater system	66.(3) vi)	\$693.95
67	Discharging PCBs into stormwater system	66.(3) vii)	\$693.95
68	Discharging pesticides into stormwater system	66.(3) viii)	\$693.95
69	Discharging reactive waste into stormwater system	66.(3) ix)	\$693.95
70	Discharging toxic substances into stormwater system	66.(3) x)	\$693.95
71	Discharging into stormwater system waste radioactive substances in concentrations greater than those specified for release under <i>Nuclear Safety and Control Act</i> (Canada) and regulations	66.(3) xi)	\$693.95
72	Discharging <i>Escherichia coli</i> (<i>E. coli</i>) colonies in excess of 200/100 ml into stormwater system	66.(3) xii)	\$693.95
73	Discharging water from sprinkler systems and non-contact cooling water into stormwater system	66.(3) xiii)	\$693.95
74	Discharging into stormwater system wastewater from washing equipment used in mixing and delivery of concrete and cement-based products	66.(3) xiv)	\$693.95
75	Discharging into stormwater system substance other than stormwater or uncontaminated water without written authorization by Commission	66.(3) xv)	\$693.95
76	Discharging animal offal into stormwater system	66.(3) xvi)	\$693.95
77	Discharging into stormwater system matter containing concentration in excess of limit set out in Section 66, Table 7: <i>Limits for Discharge to Stormwater system</i> (specify substance and limit)	66.(4)	\$693.95
78	Permitting to enter stormwater system erosion or sediment runoff that exceeds limit set out in Section 66, Table 7: <i>Limits for Discharge to Stormwater System</i> (specify substance and limit)	66.(5)	\$693.95
79	Infilling or altering (specify) stormwater ditch without written authorization from Commission	66.(6)	\$233.95

80	Failing to remove infill from or remediate alteration to (specify) stormwater ditch	66.(7)	\$233.95
81	Connecting, causing to be connected or allowing to remain connected (specify) to stormwater system or plumbing installation (specify) piping, fixtures, fitting or appliance (specify) that may allow sewage, wastewater or liquid not authorized by regulations to ingress or flow into stormwater system without express written consent of Commission	67.(2)	\$233.95
82	Discharging wastewater other than into wastewater facilities, private on-site wastewater system or private central wastewater collection system and treatment facility	67.(3)	\$233.95
83	Failing to install or remove fittings or appurtenances (specify) to prevent wastewater entering stormwater system	67.(4)	\$233.95
84	Discharging swimming pool or wading pool contents directing or indirectly to stormwater system without neutralizing disinfectant chemicals	68.(2) a)	\$233.95
85	Discharging swimming pool or wading pool contents in manner that may cause conduct of soil or sediment into stormwater system	68.(2) b)	\$233.95
86	Customer failing to install wastewater pretreatment facility as required	69.(1)	\$693.95
87	Owner or operator (specify) failing to ensure design, operation and maintenance of pretreatment facility achieves treatment purpose in accordance with manufacturer operating specifications	69.(2)	\$693.95
88	Operator of restaurant or industrial, commercial or institutional premises where food is cooked (specify) failing to take all reasonable measures to prevent cooking oils and greases from entering wastewater or combined sewer (specify) in excess of limits in regulations (specify limit)	70.(1)	\$693.95
89	Operator of restaurant or industrial, commercial or institutional premises where food is cooked (specify) discharging grease interceptors into storm sewers	70.(2) a)	\$693.95
90	Operator of restaurant or industrial, commercial or institutional premises where food is cooked (specify) failing to install, operate and properly maintain oil and grease interceptor in piping system at premises	70.(2) b)	\$693.95
91	Operator of restaurant or premises where food is cooked (specify) failing to keep documentation of grease trap or interceptor clean-out and oil and grease disposal for 2 years	70.(2) g)	\$693.95
92	Using enzymes, bacteria, solvents, hot water or other agents (specify) to facilitate conveyance of oil and grease through grease trap or interceptor to sewer system	70.(2) h)	\$693.95
93	Operator of restaurant or premises where food is cooked (specify) failing to remove, haul away and dispose of materials retained or trapped by grease interceptor as required by law (specify law)	70.(2) i)	\$693.95
94	Owner or operator (specify) of establishment where motor vehicles are repaired, lubricated or maintained failing to install oil and grease interceptor designed to prevent motor oil and lubricating grease from passing into wastewater or combined sewer in excess of limits in regulations (specify limit)	71.(1)	\$693.95
95	Owner or operator (specify) of establishment where motor vehicles are repaired, lubricated or maintained discharging grease interceptor into storm sewer	71.(2) a)	\$693.95

96	Owner or operator (specify) of establishment where motor vehicles are repaired, lubricated or maintained failing to install, operate and properly maintain oil and grease interceptor in piping system at premises	71.(2) b)	\$693.95
97	Owner or operator (specify) of establishment where motor vehicles are repaired, lubricated or maintained failing to install oil and grease interceptor or separator in compliance with law (specify law)	71.(2) c)	\$693.95
98	Owner or operator (specify) of establishment where motor vehicles are repaired, lubricated or maintained failing to maintain oil and grease interceptor or separator in accordance with manufacturer's recommendations and to regularly inspect oil and grease interceptor or separator in accordance with manufacturer's specifications	71.(2) d)	\$693.95
99	Owner or operator (specify) of establishment where motor vehicles are repaired, lubricated or maintained failing to annually submit maintenance schedule and record of maintenance for each oil and grease interceptor to Commission	71.(2) e)	\$693.95
100	Owner or operator (specify) of establishment where motor vehicles are repaired, lubricated or maintained failing to keep documentation of interceptor clean-out and oil and grease disposal for 2 years	71.(2) f)	\$693.95
101	Using enzymes, solvents, hot water or other agents (specify) to facilitate conveyance of oil and grease through oil and grease interceptor to sewer system	71.(2) g)	\$693.95
102	Owner or operator (specify) of establishment where motor vehicles are repaired, lubricated or maintained failing to remove, haul away and dispose of material retained or trapped by oil and grease interceptor as required by law (specify law)	71.(2) h)	\$693.95
103	Owner or operator (specify) of premises from which sediment may directly or indirectly enter wastewater facility failing to take all reasonable measures to prevent entry of sediment into wastewater facility in excess of limits in regulations (specify limit)	72.(1)	\$693.95
104	Owner or operator (specify) of premises from which sediment may directly or indirectly enter wastewater facility failing to equip catch basins with sediment interceptor as required by Commission	72.(2) a)	\$693.95
105	Owner or operator (specify) of premises from which sediment may directly or indirectly enter wastewater facility failing to comply with Commission specifications (specify) for installation of catch basins	72.(2) b)	\$693.95
106	Owner or operator (specify) of premises from which sediment may directly or indirectly enter wastewater facility failing to maintain sediment interceptors in accordance with manufacturer recommendations and to regularly inspect sediment interceptors	72.(2) c)	\$693.95
107	Owner or operator (specify) of premises from which sediment may directly or indirectly enter wastewater facility failing to remove materials retained or trapped by sediment interceptors as required (specify) and discharging into wastewater or stormwater system.	72.(2) d)	\$693.95
108	Owner or operator (specify) of premises from which sediment may directly or indirectly enter wastewater facility failing to keep documentation of proof of interceptor clean-out and sediment disposal for 2 years	72.(2) e)	\$693.95

Fair Drug Pricing Regulations

Order in Council 2014-422 dated October 14, 2014
Amendment to regulations made by the Governor in Council
pursuant to subsections 31(2) and (4) of the *Fair Drug Pricing Act*

The Governor in Council on the report and recommendation of the Minister of Health and Wellness dated September 17, 2014, and pursuant to subsections 31(2) and (4) of Chapter 7 of the Acts of 2011, the *Fair Drug Pricing Act*, is pleased to amend the *Fair Drug Pricing Regulations*, N.S. Reg. 223/2011, made by the Governor in Council by Order in Council 2011-234 dated June 30, 2011, to align the pricing of existing generic drugs with pricing across Canada and implement a tiered pricing framework for new generic drugs that are benefits under the Insured Prescription Drug Plan, in the manner set forth in Schedule "A" attached to and forming part of the report and recommendation, effective on and after November 1, 2014.

Schedule "A"

**Amendment to the *Fair Drug Pricing Regulations*
made by the Governor in Council under subsections 31(2) and (4) of
Chapter 7 of the Acts of 2011, the *Fair Drug Pricing Act***

Section 3 of the *Fair Drug Pricing Regulations*, N.S. Reg. 223/2011, made by the Governor in Council by Order in Council 2011-234 dated June 30, 2011, is repealed and the following Section substituted:

Maximum price for interchangeable products

- 3 (1)** Except as provided in subsection (2), all of the following criteria must be met for an interchangeable product to be designated, or continue to be designated, as a benefit:
- (a) except for a product specified in clause (c), the cost for a product in a solid, oral dosage form does not exceed
 - (i) 25% of the MLP of the original product as of April 11, 2011, or
 - (ii) if there is no reference price as of April 11, 2011, 25% of the MLP of the original product as of the date the notice of compliance is issued for the first product in the category of interchangeable products;
 - (b) except for a product specified in clause (c), the cost for a product in non-solid dosage form does not exceed
 - (i) 35% of the MLP of the original product as of April 11, 2011, or
 - (ii) if there is no reference price as of April 11, 2011, 35% of the MLP of the original product as of the date the notice of compliance is issued for the first product in the category of interchangeable products;
 - (c) for products for which prices have been negotiated by the Pan-Canadian Competitive Value Price Initiative, the cost for the product does not exceed the percentage of the brand reference price for the product established by the Pan-Canadian Competitive Value Price Initiative, effective on and after the date set out by the Pan-Canadian Competitive Value Price Initiative;
 - (d) the manufacturer reports any rebates and professional allowances in relation to the benefit when required to do so by the Minister under Section 5.
- (2)** An interchangeable product that does not meet the criteria in subsection (1) may be designated as a benefit and a different maximum cost set by the Minister if any of the following conditions apply:
- (a) documentation provided by the manufacturer supports a maximum cost that exceeds the percentage of the MLP of the original product in subsection (1);
 - (b) the interchangeable original product is no longer sold in Canada.
- (3)** A maximum reimbursable price must be established for each interchangeable product designated as a benefit, and the amount payable for the benefit must be published in the benefit list specified in Section 11 of the Act.

Prescribed Petroleum Products Prices

Order dated October 16, 2014
made by the Nova Scotia Utility and Review Board
pursuant to Section 14 of the *Petroleum Products Pricing Act*
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

Order**NSUARB-GAS-W-14-43****In the Matter of the *Petroleum Products Pricing Act*****- and -****In the Matter of Prescribing Prices for Petroleum Products
pursuant to Section 14 of the *Petroleum Products Pricing Act* and
Sections 16 to 19 of the *Petroleum Products Pricing Regulations*****Before:** Peter W. Gurnham, Q.C., Chair**Order**

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the Board revised the retail margin and transportation allowance effective January 6, 2012, in its decision, 2011 NSUARB 181, issued on November 23, 2011;

And whereas the Board revised the wholesale margin effective January 4, 2013, in its decision, 2012 NSUARB 213, issued on December 12, 2012;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended October 15, 2014, are:

Grade 1 Regular gasoline	70.4¢ per litre
Ultra-low-sulfur diesel oil	74.3¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	70.4¢ per litre
Grade 2	73.4¢ per litre
Grade 3	76.4¢ per litre
Ultra-low-sulfur diesel oil	74.3¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	minus 1.8¢ per litre
Ultra-low-sulfur diesel oil:	minus 1.2¢ per litre

And whereas a winter blending adjustment of plus 3.8¢ per litre is required for ultra-low-sulfur diesel oil;

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., October 17, 2014.

Dated at Halifax, Nova Scotia, this 16th day of October, 2014.

Sgd: *Elaine Wagner*
Clerk of the Board

- (6) If a written agreement between a small animal mobile clinic and an associated small animal hospital is no longer in effect, the accreditation of the small animal mobile clinic is deemed withdrawn.
- (7) A small animal mobile clinic must receive approval from the Accreditation Committee for each location where the small animal mobile clinic intends to operate.
- (8) A small animal mobile clinic must meet the standards set out in the by-laws.

7 Sections 73 and 74 of the regulations are repealed and the following Sections substituted:

Small animal remote service

- 73** (1) The scope of practice for a small animal remote service is limited to examination, diagnostic, euthanasia and prophylactic services and, for purposes of restraint or euthanasia only, sedation, and does not include general anaesthesia, radiology, and minor or major surgery.
- (2) A small animal remote service must be operated out of a stationary building and must not be operated from a vehicle.
 - (3) A small animal remote service must be owned by or associated with a currently accredited small animal hospital for purposes of providing hospitalization, surgery, emergency and other services not provided by the small animal remote service.
 - (4) If a small animal remote service is not owned by the small animal hospital with which it is associated, there must be a written agreement between the small animal remote service and the small animal hospital that sets out the terms of their association.
 - (5) If a written agreement between a small animal remote service and an associated small animal hospital is no longer in effect, the accreditation of the small animal remote service is deemed withdrawn.
 - (6) A small animal remote service must receive approval from the Accreditation Committee for each location the small animal remote service intends to operate.
 - (7) A small animal remote service must meet the standards set out in the by-laws.

Small animal house call service

- 74** (1) The scope of practice for a small animal house call service is limited to examination, diagnostic, euthanasia and prophylactic services and, for purposes of restraint or euthanasia

only, sedation, and does not include general anaesthesia, radiology, and minor or major surgery.

- (2) The services performed by a small animal house call service must be performed at the client's residence.
- (3) A small animal house call service must be owned by or associated with a currently accredited small animal hospital for purposes of providing hospitalization, surgery, emergency and other services not provided by the small animal house call service.
- (4) If a small animal house call service is not owned by the small animal hospital with which it is associated, there must be a written agreement between the small animal house call service and the small animal hospital that sets out the terms of their association.
- (5) If a written agreement between a small animal house call service and an associated small animal hospital is no longer in effect, the accreditation of the small animal house call service is deemed withdrawn.
- (6) A small animal house call service must meet the standards set out in the by-laws.

8 The regulations are further amended by adding the following Section immediately after Section 78:

Accreditation Committee may waive requirements

79 Despite Sections 57 to 78, the Accreditation Committee, with the approval of Council, may waive any of the requirements for accreditation if it is satisfied that it is in the public interest to do so.

RVT Credentials Committee

3 The Council must establish the RVT Credentials Committee, to be made up of all of the following:

- (a) 1 veterinarian;
- (b) 1 registered veterinary technologist recommended by the EVTA;
- (c) the Registrar.

RVT Register

4 (1) The Registrar must keep and maintain an RVT Register that contains the name of each person who qualifies for registration under Section 5.

(2) The RVT Register may be in any form the Registrar determines, including a book, binders, or an electronic database.

(3) The RVT Register must contain all of the following information for each registrant:

- (a) name;
- (b) address;
- (c) date of registration;
- (d) registration number;
- (e) academic qualifications;
- (f) other qualifications;
- (g) a record of any disciplinary findings against the registrant under the Act or in any other licensing jurisdiction.

Qualifications for entry in RVT Register

5 (1) A person is qualified to have their name entered in the RVT Register if the person submits a completed application to the RVT Credentials Committee on the form approved by the Registrar, together with all of the following:

- (a) the prescribed fee;
- (b) any information required by the RVT Credentials Committee that establishes that the person
 - (i) has graduated from an accredited veterinary technology program;

- (ii) has successfully passed the national examination;
 - (iii) subject to subsection (2), is not the subject of any existing or pending complaint or disciplinary finding under the Act or in any other licensing jurisdiction,
 - (iv) is competent, capable and of such character to safely and ethically practise veterinary technology, and
 - (v) is a member in good standing of the EVTA.
- (2) An applicant may provide full details of any existing or pending complaint or disciplinary matter to the RVT Credentials Committee to prove to the Committee's satisfaction that the matter is not a reason to refuse the application for registration.
- (3) An applicant who does not meet the qualifications for registration in subsection (1) may be required by the RVT Credentials Committee to pass any examinations or complete any additional training or education the Committee considers necessary in order to re-apply for registration.
- (4) The Registrar must enter the name of an applicant who meets the qualifications under subsection (1) in the RVT Register and must issue a certificate of registration to the applicant.

Annual licensing

- 6 (1) For the purposes of this Section, "licensing year" means the 12-month period approved by the EVTA Board of Directors.
- (2) Notice of the RVT licence fee for the next licensing year must be sent to each registrant no later than 30 days before the beginning of the next licensing year.
- (3) The Registrar must issue an RVT licence for the next licensing year to a registrant who, on or before the last day of the current licensing year, submits an application that meets the requirements of Section 7 and pays the RVT licence fee.
- (4) An RVT licence remains in effect until the end of the licensing year in which it is issued, unless it is earlier suspended or revoked.

Applying for RVT licence

- 7 (1) An application for an RVT licence must be submitted to the RVT Credentials Committee in the form prescribed by the Registrar, together with any information required by the RVT Credentials Committee that establishes that the applicant
- (a) subject to subsection (2), is not the subject of any existing or pending complaint or disciplinary finding under the Act or in any other licensing jurisdiction;
 - (b) is competent, capable and of such character to safely and ethically practise veterinary technology;
 - (c) is a member in good standing of the EVTA;
 - (d) meets 1 of the following criteria:
 - (i) has graduated from an accredited veterinary technology program, as required by subclause 5(1)(b)(i), in the 3 years preceding the date of their RVT licence application,
 - (ii) has practised veterinary technology for at least 1000 hours in the 5 years preceding the date of their RVT licence application,

- (iii) has successfully completed any education or training prescribed by the RVT Credentials Committee; and
 - (e) has completed any continuing education required by the RVT Credentials Committee.
- (2) An applicant may provide full details of any existing or pending complaint or disciplinary matter to the RVT Credentials Committee to prove to the Committee's satisfaction that the matter is not a reason to refuse the application for an RVT licence.

Appeal from refusal of registration or RVT licence

8 On refusing an application for registration in the RVT Register or for an RVT licence, the Registrar must give reasons for the refusal to the applicant in writing, and the applicant may appeal the refusal to the Council in accordance with Section 12 of the Act.

Removing name from RVT Register and withdrawing RVT licence

- 9** (1) The Registrar must remove the name of a registrant from the RVT Register in any of the following circumstances:
- (a) the registrant requests that their name be removed and surrenders their registration certificate;
 - (b) the registrant's name is incorrectly entered on the RVT Register;
 - (c) the Registrar is notified of the registrant's death;
 - (d) the registrant fails to pay a prescribed fee;
 - (e) the registrant's registration is suspended, in which case the registrant's name must be removed for the duration of the suspension;
 - (f) the registrant's registration is revoked.
- (2) The Registrar must withdraw a registrant's RVT licence in any of the following circumstances:
- (a) the registrant requests that their name be removed from the RVT Register and surrenders their registration certificate;
 - (b) the registrant's name is incorrectly entered on their RVT licence;
 - (c) the Registrar is notified of the registrant's death;
 - (d) the registrant fails to pay a prescribed fee;
 - (e) the registrant's registration is revoked.
- (3) The Registrar may restore a person's name to the RVT Register and re-issue an RVT licence to the person if the person
- (a) applies and pays the prescribed fee and any additional administrative fee as determined by the EVTA Board of Directors; and
 - (b) satisfies the applicable requirements set out in these regulations for registration and licensing.

RVT Credentials Committee may waive requirements

10 The RVT Credentials Committee may waive any of the requirements set out in these regulations for registration or licensing for either of the following reasons:

- (a) the waiver is required by law;
- (b) the waiver is consistent with the objects and purpose of the Association and the RVT Credentials Committee considers it appropriate.

Licensed registrant may use title

11 A registrant who holds a current RVT licence is entitled to call themselves a “veterinary technologist” or a “registered veterinary technologist”, and to use the abbreviated title “RVT” or “R.V.T”.

Prohibition against person other than licensed registrant practising or using title

12 (1) Except as provided in subsection (2), a person other than a person whose name appears in the RVT Register and who holds a current RVT licence must not do any of the following:

- (a) use the title “veterinary technician”, “veterinary technologist”, “registered veterinary technician” or “registered veterinary technologist”, or any abbreviation or derivation of them;
- (b) describe their activities as the practice of veterinary technology, the practice of a veterinary technician or the practice of a veterinary technologist.

(2) Subsection (1) does not apply to any of the following persons while practising veterinary technology in the course of their employment:

- (a) a person employed by the Government of Nova Scotia;
- (b) a person employed in an animal-care facility of an educational institution approved by the Council;
- (c) a person employed by the Government of Canada to practise veterinary technology and who is not required by the Government of Canada to be registered in the Province.

Limits on practice of veterinary technology

13 A registered veterinary technologist may practise veterinary technology only under the supervision of a veterinarian as required by Sections 14, 15 and 16, and only if the veterinarian has authorized the veterinary technology services and the services are within the registered veterinary technologist’s scope of practice.

Veterinary services requiring immediate supervision

14 A registered veterinary technologist must be under the immediate supervision of a veterinarian while performing any of the following veterinary services:

- (a) administering IV induction anaesthetic;
- (b) acting as a surgical assistant (sterile) to a veterinarian;
- (c) performing dental extractions that do not require drilling or sectioning of teeth;
- (d) veterinary services not described in clauses (a) to (c), as approved by the Council.

Veterinary services requiring direct supervision

15 A registered veterinary technologist must be under the direct supervision of a veterinarian while performing any of the following veterinary services:

- (a) placing and maintaining arterial catheters;

- (b) placing and maintaining urinary catheters;
- (c) administering blood products and cross-matching;
- (d) placing and maintaining nasal esophageal or gastric tubing;
- (e) performing tracheal intubation or extubation;
- (f) performing cystocentesis;
- (g) preparing patient for surgery;
- (h) maintaining and monitoring general anesthesia;
- (i) performing dental prophylaxis;
- (j) administering dental nerve blocks;
- (k) placing and maintaining nasal cannulas;
- (l) performing neonatal care;
- (m) performing tracheostomy and airway maintenance;
- (n) applying splints and slings;
- (o) euthanizing animals;
- (p) placing skin sutures;
- (q) veterinary services not described in clauses (a) to (p), as approved by the Council.

Veterinary services requiring indirect supervision

16 A registered veterinary technologist must be under the indirect supervision of a veterinarian while performing any of the following veterinary services:

- (a) administering treatments of drugs and medications by parenteral and injectable routes, including intravenous, intramuscular, subcutaneous, intraperitoneal, rectal, nasal, intracardiac, oral balling gun, and esophageal feeder;
- (b) applying minor bandages;
- (c) administering cornual nerve blocks for dehorning;
- (d) administering caudal epidurals;
- (e) administering sedation;
- (f) administering local anaesthetic;
- (g) placing and maintaining intravenous catheters;
- (h) initiating and monitoring fluid therapy;

- (i) collecting blood;
- (j) collecting biological samples, including collecting and preparing tissue, cellular or microbiological samples by skin scraping, impression or another non-surgical technique;
- (k) monitoring blood pressure using a non-invasive technique;
- (l) maintaining logs for the purpose of controlling the administration and inventory of narcotics;
- (m) maintaining log books to record surgery, radiography, and similar procedures;
- (n) administering vaccines, unless prohibited by Provincial or federal law;
- (o) performing laboratory testing procedures;
- (p) preparing radiographs, including determining settings, positioning the animal, following safety procedures and performing quality control, but not including interpretation;
- (q) administering parenteral nutrition;
- (r) performing preliminary physical examinations including temperature, pulse and respiration;
- (s) collecting and submitting necropsy samples;
- (t) managing minor wounds;
- (u) performing physiotherapy;
- (v) performing castration on large animals using a closed technique such as the crush/pinch technique;
- (w) removing extra teats;
- (x) dehorning calves;
- (y) placing growth implants and electronic identification devices;
- (z) implanting embryos;
- (aa) expressing anal glands;
- (ab) filling prescriptions;
- (ac) performing tonometry, Schirmer tear tests or fluorescein stains;
- (ad) performing routine maintenance of diagnostic and anaesthetic equipment;
- (ae) handling and disposing of biohazardous waste materials;
- (af) performing gastric tubing on horses;
- (ag) any activity that is incidental to the services described in the preceding clauses and is not an activity to which Section 14 or 15 applies.

Professional conduct

- 17** (1) Subject to subsection (2), Part III of the Act and Sections 28 to 55 of the *Veterinary Medical Regulations* made under the Act apply to veterinary technologists with the necessary changes in detail.
- (2) For a complaint that involves a veterinary technologist, the Council must appoint enough veterinary technologists to the panel of the Complaints Committee and the panel of the Professional Conduct Committee that decide the complaint to form a majority of each panel.

Registration and licensing for 2 years after effective date of regulations

- 18** (1) During the 2 years immediately after the effective date of these regulations, an applicant who submits a completed application on the form approved by the Registrar, together with all of the following, must have their name entered in the RVT Register and be issued an RVT licence:
- (a) the prescribed fee;
 - (b) a letter of recommendation from a veterinarian with whom the applicant has worked;
 - (c) proof satisfactory to the RVT Credentials Committee that the applicant meets all of the qualifications set out in subsection (2).
- (2) An applicant for registration and licensing under subsection (1) must meet all of the following qualifications:
- (a) the requirements for licensing in clauses 7(1)(a) to (c);
 - (b) successful completion of courses as determined by the EVTA Board of Directors;
 - (c) accomplishment of 1 of the following:
 - (i) 7 years of practice in the equivalent of the practice of veterinary technology,
 - (ii) graduation from a non-accredited animal-health technician program or veterinary technician program in the 10 years immediately before the date of their application and at least 1000 hours of practice in the equivalent of the practice of veterinary technology in the 5 years immediately before the date of their application.

“table amount” means the amount referred to in clause 3(1)(a) of the applicable federal or provincial guidelines to be paid as child maintenance.

Child support service

- 3** The recalculation program established under the former regulations continues as a child support service to conduct the administrative recalculation of child maintenance under these regulations.

References to applicable federal or provincial guidelines

- 4** A reference in these regulations to a provision of the applicable federal or provincial guidelines is a reference to the provision with the same numbering or lettering, notwithstanding that the reference uses the provincial legislative naming convention.

Recalculation authorization order issued under former regulations

- 5** (1) Subject to subsection (2), a recalculation authorization order issued under the former regulations may be filed and enforced or otherwise dealt with under these regulations.
- (2) A recalculation authorization order issued under the former regulations that is not filed with the

Director on or before the date these regulations come into force is deemed to expire 5 years after the date it was issued.

Recalculation clerk

- 6** (1) The Director may assign the duties of a recalculation clerk to an officer or employee appointed under the *Court Officials Act*.
- (2) A recalculation clerk must perform any duties and functions required by these regulations, including all of the following:
- (a) reviewing and recalculating the table amount of child maintenance orders at regular intervals as authorized by a recalculation authorization order and in accordance with the Act, these regulations and the applicable federal or provincial guidelines;
 - (b) collecting financial information and determining annual income in accordance with the Act, these regulations and the applicable federal or provincial guidelines.

Court may make recalculation authorization order

- 7** Except as limited by Section 9, a court may order, either separately or as a part of another order, that the table amount of a child maintenance order be recalculated at regular intervals in accordance with these regulations, whether or not the payor or recipient applies for a recalculation authorization order in the originating process.

Application for recalculation authorization order

- 8** A payor or recipient may apply to a court for a recalculation authorization order in respect of the table amount of a child maintenance order on or after the date the child maintenance order is first made or registered with the court.

When court must not make recalculation authorization order

- 9** A court must not make a recalculation authorization order in any of the following circumstances:
- (a) if either or both the payor and recipient do not ordinarily reside in the Province;
 - (b) the child maintenance order is an interim order;
 - (c) there is a shared custody order for a child to whom the child maintenance order applies;
 - (d) the payor's annual income is over \$150,000, and the amount of the child maintenance ordered was determined under clause 4(b) of the applicable federal or provincial guidelines;
 - (e) the child maintenance payable takes undue hardship into account in accordance with Section 10 of the applicable federal or provincial guidelines;
 - (f) the financial information indicates that the payor receives income as a self-employed person, as a partner in a partnership, as a person in control of a corporation, or as a recipient of dividend income as referred to in clauses 21(1)(d) to (g) of the applicable federal or provincial guidelines;
 - (g) a child maintenance order applies to a payor who stands in the place of a parent and Section 3 of the applicable federal or provincial guidelines was not applied to determine the amount of the child maintenance;
 - (h) the annual income of the payor was determined based on a pattern of income under Section 17 of the applicable federal or provincial guidelines;

- (i) the amount of the child maintenance ordered was not determined under the applicable federal or provincial guidelines.

Mandatory conditions of recalculation authorization order

10 A recalculation authorization order must include all of the following conditions:

- (a) that the payor must file their financial information with the recalculation clerk no later than 60 days before the review date;
- (b) that if the payor fails to provide their financial information as required, then the payor's annual income is deemed to be 10% more than the annual income attributed to the payor's income in the most recent child maintenance order or recalculated order;
- (c) that a recalculation clerk must, on or before the review date, review and recalculate the table amount of child maintenance in accordance with these regulations;
- (d) that the payor becomes liable to pay the recalculated amount 31 days after both parties to whom the order relates are notified of the recalculation;
- (e) that the payor and recipient must notify a recalculation clerk in writing of a change to any of their following contact information no later than 10 days after the date of the change:
 - (i) mailing address,
 - (ii) e-mail address,
 - (iii) telephone number,
 - (iv) fax number.

Date that recalculation authorization order expires

11 A recalculation authorization order expires on the earlier of the following dates:

- (a) the date that the child maintenance order to which it applies is varied, rescinded or suspended;
- (b) the date that any child to whom the child maintenance order applies reaches the age of majority.

Filing recalculation authorization order with Director

- 12** (1) No later than 5 days after it is issued, a recalculation authorization order must be filed by the court with the Director.
- (2) A payor or recipient may file with the Director any recalculation authorization order that is not filed in accordance with subsection (1).

Clerk must issue recalculated order

- 13** (1) At least 40 days before the review date of a recalculation authorization order, a recalculation clerk must do all of the following:
- (a) review the financial information received;
 - (b) determine the annual income of the payor in accordance with Section 17;
 - (c) subject to Section 15,

- (i) recalculate the table amount based on the annual income of the payor and rounded to the nearest dollar amount, and
 - (ii) issue a recalculated order and send a copy of the recalculated order to the recipient and the payor.
- (2) Nothing in these regulations authorizes a recalculation clerk to recalculate any amount of child maintenance payable other than the table amount.
- (3) Before issuing a recalculated order, a recalculation clerk may refer the proposed recalculated order to a judge, who may ~~or~~ refer it back to the recalculation clerk with directions or make such order as is just.
- (4) A recalculated order is not invalid because a recalculation clerk fails to perform a review and recalculation before the deadline in subsection (1).
- (5) A recalculation authorization order filed with the Director that has not been recalculated for a previous year may be recalculated based on financial information for the most recent taxation year in accordance with these regulations.

Correcting clerical errors or omissions in recalculated order

- 14 (1) No later than 30 days after a recalculated order is issued, a recalculation clerk may correct a clerical error or omission in the recalculated order and issue a corrected recalculated order.
- (2) A recalculation clerk must immediately send a copy of any recalculated order corrected under this Section to the recipient and the payor.
- (3) A recalculated order corrected and issued under this Section takes the place of the recalculated order it corrects and takes effect on the same date as the recalculated order it is made in place of.

When child maintenance must not be recalculated under these regulations

- 15 A recalculation clerk must not recalculate the table amount of a child maintenance order if any of the following apply:
- (a) the recalculation authorization order for the child maintenance order has expired or has been varied, rescinded, suspended or substituted by the court;
 - (b) the payor's income has not changed;
 - (c) the recalculation authorization order was made in any of the circumstances listed in Section 9;
 - (d) the payor's circumstances have changed since the recalculation authorization order was made to include any of the circumstances listed in Section 9;
 - (e) the recalculation authorization order was made under these regulations but does not comply with these regulations;
 - (f) the recalculation authorization order was made under the former regulations but does not comply with the former regulations or these regulations.

Payor and recipient notified if no recalculation

- 16 A recalculation clerk who determines that child maintenance cannot be recalculated under Section 15 must notify the payor and the recipient of the determination and the reasons for it as soon as practicable, including any of the following applicable statements:

- (a) if clause 15(c) or (d) applies, a statement that no further action can be taken by the recalculation clerk unless the court issues a new recalculation authorization order or confirms the existing recalculation authorization order;
- (b) if clause 15(e) or (f) applies, a statement that no further action can be taken by the recalculation clerk unless the court issues a new recalculation authorization order.

Determining annual income of payor

- 17** (1) If a payor has filed financial information, a recalculation clerk must determine the annual income of the payor in accordance with Section 16 of the applicable federal or provincial guidelines.
- (2) If a payor has not filed financial information, the payor's annual income is deemed to be 10% more than the payor's annual income set out in the most recent of the previous child maintenance orders and recalculated orders made against the payor.

Information included in recalculated order

18 A recalculated order must be in writing and must state all the following:

- (a) the recalculated table amount, and how it was calculated;
- (b) the annual income of the payor as determined in accordance with Section 17, and how it was calculated;
- (c) the review date;
- (d) that the payor must pay the recalculated table amount monthly, on and from the review date;
- (e) the names and dates of birth of all children for whom the recalculated table amount is payable;
- (f) that the payor and the recipient are entitled to apply to a court under Section 19 to vary, rescind or suspend the recalculated order;
- (g) the date the payor becomes liable to pay the recalculated amount, which is 31 days after both parties to whom the order relates are notified of the recalculated order.

Right to object to recalculated amount

- 19** (1) No later than 30 days after a payor or recipient is notified of a recalculated order, the payor or recipient may object to the order by making an application to a court to vary, rescind or suspend the recalculated order.
- (2) A payor or recipient must notify the recalculation clerk in writing of any application made under subsection (1).
- (3) If an application to the court is made under subsection (1), the recalculated order is suspended pending the determination of the application and the most recent order from among the previous child maintenance orders and recalculated orders remains in effect during the suspension.
- (4) If an application to the court made under subsection (1) is withdrawn before the court determines the application, whether or not the application is withdrawn before or after the review date, a payor is liable to pay the recalculated table amount as determined by the recalculations clerk in accordance with these regulations.

Filing recalculated order with Director

20 A recalculation clerk must file a recalculated order with the court and the Director of Maintenance

Enforcement appointed under the *Maintenance Enforcement Act*, together with any financial information and current contact information that was provided to the recalculation clerk.

Documents sent to payor or recipient by regular mail

- 21** (1) Any notice or order that a recalculation clerk is required to send to a payor or recipient under these regulations must be sent by regular mail to the most current address for the person provided to the recalculation clerk.
- (2) A notice or order sent in accordance with subsection (1) is deemed to have been received 5 days after the date it was sent.

Recalculation does not affect other portions of child maintenance order

- 22** A recalculation of the table amount of a child maintenance order under these regulations in accordance with a recalculation authorization order does not affect the validity of any other portion of the original child maintenance order.
