Prescribed Petroleum Products Prices

Order dated March 8, 2018
made by the Nova Scotia Utility and Review Board
pursuant to Section 14 of the *Petroleum Products Pricing Act*
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

Order**M08571****In the matter of the *Petroleum Products Pricing Act***

- and -

**In the matter of prescribing prices for petroleum products
pursuant to Section 14 of the *Petroleum Products Pricing Act* and
Sections 16 to 19 of the *Petroleum Products Pricing Regulations*****Before:** Roberta J. Clarke, Q.C., Member

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum product prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the Board revised the wholesale margin effective January 4, 2013, in its decision, 2012 NSUARB 213, issued on December 12, 2012;

And whereas the Board revised the retail margin and the transportation allowance effective October 28, 2016, in its decision, 2016 NSUARB 168, issued on September 26, 2016;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended March 7, 2018, are:

Grade 1 Regular gasoline	60.4¢ per litre
Ultra-low-sulfur diesel oil	63.8¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	60.4¢ per litre
Grade 2	63.4¢ per litre
Grade 3	66.4¢ per litre
Ultra-low-sulfur diesel oil	63.8¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	nil
Ultra-low-sulfur diesel oil:	minus 0.4¢ per litre

And whereas a winter blending adjustment of plus 4.7¢ per litre is required for ultra-low-sulfur diesel oil;

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., March 9, 2018.

Dated at Halifax, Nova Scotia, this 8th day of March, 2018.

Clerk of the Board
