

ELECTRICAL BULLETIN

2009-01

From: David MacLeod, C.E.I., P.Eng.
Provincial Chief Electrical Inspector

Date: January 20, 2009

Subject: New Accredited Electrical Certification Organization / Body

Per the Nova Scotia Electrical Code Regulations all electrical products sold or used in Nova Scotia shall be certified, as approved equipment, by a Certification Organization accredited by the Standards Council of Canada and be acceptable to the Provincial Chief Electrical Inspector.

Please be advised that effective immediately Labtest Certification Inc. will be accepted as an electrical certification organization in Nova Scotia within the scope of their accreditation for electrical items.

In order for the product to be acceptable in Nova Scotia the certification label must have a small “c” at the eight o’clock position which indicates compliance to the applicable Canadian standard.

The contact for Labtest Certification Inc. is:

Josef Otto, P. Eng.
Certification Manager
LabTest Certification Inc.
3133 20800 Westminster Highway
Richmond, British Columbia
V6V 2W3, Canada
1-604 247 0444 (office)
jotto@labtestcert.com

or

Acceptable Labtest Certification Inc. Certification Marks

The certification mark that must appear directly on the product for Nova Scotia is as indicated above. The small “c” as indicated must always be present as shown next to certification mark.

Any questions regarding the certification of any electrical equipment contact the Provincial Chief Electrical Inspector David MacLeod, C.E.I., P.Eng. at 902 - 424-8018 or by email at macleodd@gov.ns.ca
