**To: Society of Certified Engineering Technicians and Technologists of Nova Scotia  
("TechNova")**

**RE: Review of Registration Practices under the [Fair Registration Practices Act](#)**

Thank you for submitting the FRPA Review Report (appended below), received by this office on March 3, 2026 as required under Section 16 of the [Fair Registration Practices Act \(FRPA\)](#). Any statistical information provided through the annual FRPA survey and as published in the FRPA Annual Report, which can be found on the [FRPA website](#), has been accepted as forming part of this report.

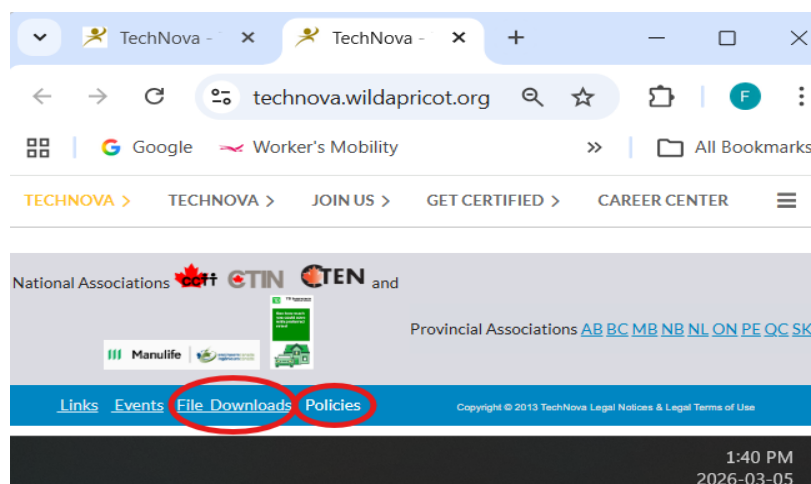

This letter pertains only to TechNova's compliance status with the FRPA. It does not speak to any other enactment.

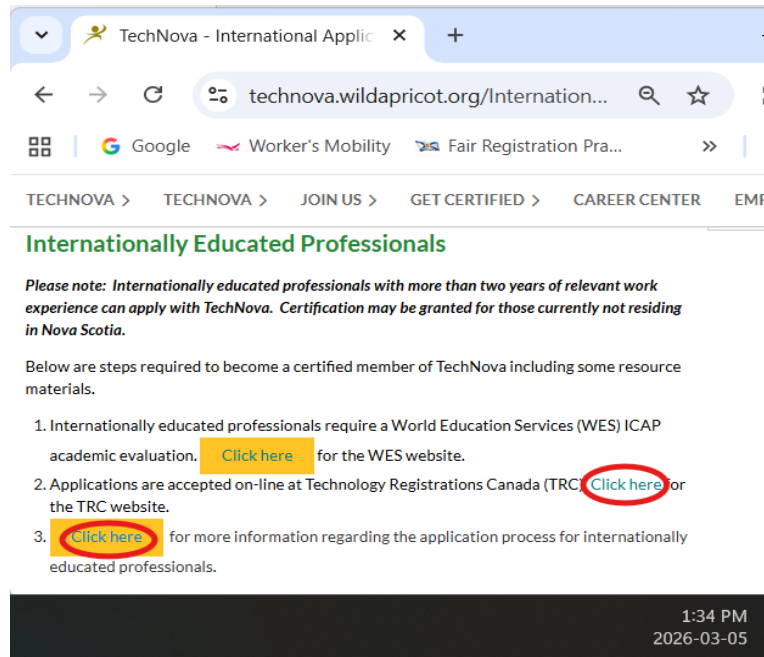

Upon review of this report, including information found through links contained within, the registration practices of TechNova were found to be non-compliant with the following FRPA Sections/requirements:

1) Section 7(a) of the FRPA: ***"A regulating body shall provide information in a clear and understandable form to individuals, including individuals who received their qualifications outside of Canada, applying or intending to apply for registration by the regulating body, and shall provide (a) information about its registration practices ..."***

➤ Noncompliance with this Section was determined after review of information found on TechNova's website. As of the date of this letter, the following was found to not meet the "***clear and understandable***" standard:

○ Several links were broken including those red circled in the screenshots below (taken from the [homepage](#) and [page dedicated for international applicants](#)):

- The document titled [“Application Process”](#), found under the [“File Downloads and Policies”](#) section of the website, includes the instruction that: **“Applicants must apply on-line at the Technology Registrations Canada website at [www.technologyregistrationscanada.ca](http://www.technologyregistrationscanada.ca)”**. However, when one clicks on this link, they are told to **“Please select the province where you wish to apply.”** and presented with options that **do not include Nova Scotia**. The only two options presented are British Columbia and Manitoba.
  - Although an application form is provided for “New” applicants, the steps to apply are not. For example: 1) It is unclear how and when transcripts are to be submitted; and 2) It is unclear how this application form is to be used in conjunction with the above noted external on-line platform (with no Nova Scotia Option).
- 2) Subsection 10(5) of the FRPA: **“No one who acted as a decision-maker in respect of a registration decision may act as a decision-maker in an internal review in respect of that registration decision.”**
- Noncompliance with this Section was determined based on the **“NO”** response to Question 3.8, part ‘b)’, in the review report appended below.

Therefore, pursuant to Subsections 16(8) and 16(12) of the FRPA, the next FRPA review report is due on or before **March 6, 2027**, which is one year following the identification of these compliance issues. It is expected that full compliance will be demonstrated through that FRPA review report.

Thank you for your cooperation. Compliance with the FRPA helps to ensure fair access to Nova Scotia's labour force of regulated professions.

Sincerely,

A handwritten signature in blue ink, appearing to read "F. Reinhardt".

Frank Reinhardt, Review Officer, Fair Registration Practices Act  
Department of Labour, Skills and Immigration
