Building, Fire and Technical Safety Division

# DIRECTIVE

(issued pursuant to s.30 of the *Technical Safety Act*)

<b>Directive Number</b>	<b>TSA - 003</b>
<b>Statute</b>	
<b>Regulation</b>	Fuel Safety Regulations
<b>Section Name</b>	Oil installation compliance inspection
<b>Section</b>	87
<b>Sub-section</b>	
<b>Issued by</b>	Dale Stewart, Fuel Safety Chief Inspector
<b>Approved by</b>	David Wigmore, P.Eng., Administrator
<b>Date of Directive</b>	June 28, 2012
<b>Effective Date</b>	June 28, 2012
<b>Repeal Date</b>	
<b>Version</b>	1.0
<b>Directive Details</b>	
<p>For the purposes of implementation of the Fuel Safety Regulations, the enforcement of s. 87 of the regulations is delayed until December 31, 2012.</p> <p>The delay is in response to concerns that have been brought forward that the details of the inspection program have not been developed to the extent that there would be compliance with the requirement.</p> <p>During this period of delay, the Building, Fire and Technical Safety Division will continue to provide education and notification of the change. The Division will provide support to the heating oil suppliers to develop a program including the procedures and training necessary to comply with this provision.</p> <p><i>This Directive replaces Directive TSA - 002, Version 1.0, December 14, 2011.</i></p>
