Release 5.5
Release Notes for External Users

LaMPSS Release 5.5 focused on Service Registration Participant Management enhancement and defect fixes.

Service Registration

➢ **Service Search / Add**
- Added tooltip to explain Service Formats.

➢ **Service Participant Management**
- **Service Summary**
  - Tooltips now describe Service Formats and clarify statuses included under Enrolled.
  - Additional Participant Status Counts introduced to support reporting.
- **Service Participant List**
  - **Filtering & Results:** Redesigned layout to prioritize participant details and make the Participants service-related data easier to access.
  - **Participant Management** – Key updates include:
    - Additional Information split into three focused screens:
      - **Participation Schedule:**
        - Displays **Participant Summary** (high-level details), **Participation Details** (status and comments), and **Participation Schedule** (reorganized session management).
        - New functionality: Add comments to sessions and schedule multiple sessions for group-continuous services.
      - **Intake Assessment** –
        - New layout with greater flexibility for program-enabled questions (e.g., ability to add comments).
        - Enhanced National Occupation Code (NOC) lookup for valid codes, consistent with other LaMPSS areas.
      - **Outcome Assessment** – Similar improvements as Intake Assessment: new layout, flexible questions, comment capability, and NOC lookup.
    - **Navigation context menu** added for easier movement between schedule, intake, and outcome screens.
    - **Incremental screen saving** with three options:
      - **Save:** Save changes and stay on the current page.
      - **Save and Return to List:** Save changes and return to the Service Participant List.
      - **Cancel:** Discard changes and return to the Service Participant List.

- ➢ **Service Registration Reports**
    - o **Service Registration Intake Form** filtered to display only Intake questions.
    - o **Svc Reg Activity Detail Report** - Fixed issue where Service Dates are required with Service ID parameter and participant section was not appearing for group continuous.

System Side Navigation

- ➢ **Recent menus** added to aid in navigation for users of Service Registration -
    - o **Recent Services** displays up to the 10 most recent services visited by the user
    - o **Recent Participants** displays up to the 10 most recent participants visited by the user
