

Release 2.8

Release Notes for External Users

This release focused mainly on fixes and enhancements to the financial management modules in LaMPSS, affecting mainly internal government users – there are only a couple of changes that affect external users:

External Case Management

- **Needs Determination**
 - TFS 19057 – Added new selection to 'Barrier Type' dropdown for 'Health & Disability - Learning'

Organization Management

- **Organization Details**
 - TFS 19051 - Improved 'Org Type' dropdown by changing name of 'Public' selection item to 'Government'
