

Release 2.11.1

Release Notes for External Users

Release 2.11.1 is a medium-sized release that focuses on enhancements for Youth Initiatives Wage Subsidy Programs as well as a small number of usability improvements and defect fixes.

Self-Serve Portal (Internal / External)

- **Login Screen**
 - Removed links to the English and French *Compatibility Guides* from the External Login screen as this information has now been merged into the *Getting Started Guide*. (TFS 24870)

External Case Management (Internal / External)

- **Recent Agrmnts/Cases List**
 - Fixed an issue where an invalid ECM case was created in the **Recent Cases List** with a Case ID=0 during the process of adding a new case. (TFS 24687)
- **Needs Determination**
 - Fixed an issue where attachments were not added if they were attached before the **Needs Determination** was saved for the first time. (TFS 24779)
