

## Release 3.5

### Release Notes for External Users

LaMPSS Release 3.5 is implementing new / modern technology to support the interactive forms used by organizations (e.g. application forms, activity reports and financial reports). Other miscellaneous enhancements are also included.

---

#### Organization Agreement Management (OFA) Self-Serve Functions

- **Interactive Forms** - New / modern technology to support the interactive forms used by organizations (e.g. application forms, activity reports and financial reports).

Features of the new forms:

- Utilize new / modern technology (no longer require Adobe Reader)
  - Interactive, integrated and saved within LaMPSS (no need to download form)
  - User friendly
  - Responsive design (adapts to different devices)
  - More ways to quickly start a form
  - Email notifications when starting a form or having access to a form
  - Supports multi-users completing a form
- **View In-Progress Forms (New!)** – New LaMPSS screen for organizations to view and access their in-progress forms.
  - **Form Access (New!)** – New LaMPSS screen for organizations to manage access to their forms.

#### External Case Management (ECM)

- **ECM Case Manager Statement / Action Plan Report** – New technology to support the generation of Case Manager Statement / Action Plan. The content is the same but there are small formatting differences.

## Overall

- **Session Time Out** – New warning when session is about to expire with ability to extend session.
- **Agreement / Case Documents** – New technology used to convert documents in PDF format when attaching a document to LaMPSS. And native PDF documents will no longer be converted to PDF/A format.
