"No. set" means the number of traps/snares set. If you don't have exact numbers, give closest approximation. The same applies to number of "Nights trapped." This data is important to help manage furbearers in Nova Scotia, and biologists to calculate trap nights and catch effort.

¹ "Ke	<b>pt</b> ": furbearers,	/pelts you wis	h to retain in your إ	possession after <i>i</i>	April 15.
