Nova Scotia Small Game and Waterfowl Report Card 2024-25

Furharvesters Report Form 2024-25

**IMPORTANT:** You are required to report by **April 15** even if you did not trap.

Report online at [novascotia.ca/natr/harvests](https://novascotia.ca/natr/harvests) or submit this report to the DNR office where licence was purchased.

Check this box if you held a licence but did not trap or snare **Wildlife Resources Card number** \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_

**Indicate number of sets, trap nights, and animals harvested by county below**

Bobcat															
Fox															
Raccoon															
Skunk															
Squirrel															
Weasel															
Coyote															
Lynx <sup>3</sup>															
Marten <sup>3</sup>															
Fisher <sup>4</sup>															
Other (specify)															

**"No. set"** means the number of traps/snare set. If you don't have exact numbers, give closest approximation. The same applies to number of **"Nights trapped."** **This data is important to help manage furbearers in Nova Scotia, and biologists to calculate trap nights and catch effort.**

<sup>1</sup> **"Kept"**: furbearers/pelts you wish to retain in your possession after April 15

<sup>2</sup> **"Turned in"**: pelts, over-the-bag limit, or accidentally caught and turned into NRR office

<sup>3</sup> Lynx and marten are completely protected in Nova Scotia. Any accidentally harvested (or other species captured in excess of bag limits) and which could not be released must be reported on the Accidental Harvest Form and turned into a local NRR office.

<sup>4</sup> Otter and fisher are mandatory carcass submissions this year.
