

## Natural Resources Permit Application

This is required when requesting a short-term permit (up to 12 months) from a local Natural Resources office. If your request is for commercial purposes, or if it involves vegetation removal or soil disturbance, refer to the Department's [Proponent's Guide for Preparing an Application to Access Crown Lands](#).

### 1. Applicant

INDIVIDUAL		COMPANY, SOCIETY OR MUNICIPALITY			
Last Name		Full Legal Name of Company, Society or Municipality			
Given Name					
Address: PO Box	Street No.	Address: PO Box		Street No.	
Street Name		Unit	Street Name		Unit
City, Town or Village	Province	Postal Code	City, Town or Village	Province	Postal Code
Primary Phone Number	Secondary Phone Number		Primary Phone Number	Secondary Phone Number	
Email Address		Email Address			

#### 1A. PRIMARY CONTACT/DESIGNATED REPRESENTATIVE (If different than Section 1 above)

Last Name	Given Name	Relationship to Applicant:
Address: PO Box	Street No	Street Name
City, Town or Village	Province	Postal Code
Primary Phone Number	Secondary Phone Number	Email Address

### 2. Permit Type (select all that apply):

#### Recreational Activities and Events

Group Activity (e.g., BBQs, Beach Cleanups, or Weddings)  
 Large Event/Ongoing Program (Trail Races, Orienteering)

Is your Activity, Event, or Program within a Provincial Park?  Yes  No

#### Activities on Crown Land, Wildlife, and Fire Related

<input type="checkbox"/> Access Road Construction (Temporary)	<input type="checkbox"/> Hazardous Tree Removal
<input type="checkbox"/> Balsam Fir Tip Removal	<input type="checkbox"/> Human Wildlife Conflict Stamp
<input type="checkbox"/> Beaver Dam Alteration	<input type="checkbox"/> Industrial Burning
<input type="checkbox"/> Burial or Removal of Whale	<input type="checkbox"/> Inland Aggregate Removal
<input type="checkbox"/> Coastal/Submerged Crown land (i.e. requests for wharves, moorings, slipways, and temporary utility-wire relocation). If your request meets the <a href="#"><u>Construction Requirements for Shoreline Structures</u></a> complete Appendix A (below). If your activity falls outside these criteria, contact your local Natural Resources office.	
<input type="checkbox"/> Crown Land Road Maintenance	<input type="checkbox"/> Railbed Access (Temporary, Linear Access, Existing)
<input type="checkbox"/> Dog Field Trail in a Wildlife Habitat	<input type="checkbox"/> Railbed Access (Temporary, Perpendicular)
<input type="checkbox"/> Dog Training in a Wildlife Habitat	<input type="checkbox"/> Special Event Burning
<input type="checkbox"/> Forwarding Trails - New or Existing	<input type="checkbox"/> Travel During Fire Proclamation
<input type="checkbox"/> Vehicle on a Beach	<input type="checkbox"/> Commercial Filming/Drone use in a Provincial Park

**3. Location of Proposed Activity (if applicable)**

Detailed information is necessary to ensure a thorough assessment and prevent delays. Please include a site map or sketch showing the exact location and planned access route. Examples can be found [here](#).

Community Name/County	Civic Address	PID # (if applicable) – Full/Portion?

**4. Please provide the information requested below. If not applicable, state N/A.****Purpose of the Request**

Why is the activity being undertaken?	
Event/ Group Activity/ Program - Title (if applicable)	
List contractors and other partners/individuals involved.	
Event/ Group Activity/ Program - Number of participants (if applicable)	

**Location**

Location of Activity (i.e. Name of Beach, Park, Crown land, Private land). If the activity is on a beach, is it being conducted above or below the high-water mark?	
---	--

**Scope of Work/Event Details**

What activity or work will occur?	
Estimated size/amount, duration, or scale of activity.	

**Schedule/Timing**

Proposed start and end dates.	
Daily hours, if applicable.	

**Equipment**

List all equipment that will be used.	
Event/ Group Activity/ Program – Number of vehicles (if applicable)	

**Access Route/Ground Disturbance**

Describe the access route (New or Existing?)	
Describe method of travel (Make, Model, Plate, # of Vehicles).	
Describe any anticipated ground disturbance - e.g., location, clearing (width and length), excavation, grading details.	

**Reclamation/Restoration Measures**

How will the site be restored after the activity?	
---	--

**New Infrastructure (if applicable)**

Describe any new infrastructure - e.g., bridges, culverts, temporary structures.	
--	--

**Please provide any additional information that may assist in the review and assessment of your request.**

**5. Signature of Applicant:**

Name and Signature of Applicant/Signing Authority:	Date:
--	-------

**For Department Use Only:**

Date Received:	Application #	Technician Assigned:
----------------	---------------	----------------------

**Submit applications in person or by email to the Natural Resources Office responsible for the area of the proposed event or activity.**

## Appendix A: Application for permission to construct, place, repair, maintain and use a wharf, floating dock, boat ramp, or mooring on submerged Crown land

### 1. Type of Permit: Please check all that apply:

- Construct a new Wharf, including Floating Dock
- Expand an existing Wharf
- Construct or place a new Boat Ramp or Floating Dock
- Place a Third Mooring

### 2. The proposed structure must meet requirements for construction, placement and repair of wharves, floating docks, boat ramps, and moorings.

These are the [Construction Requirements for Shoreline Structures](#).

### 3. Location of Wharf (including Floating Dock), Boat Ramp or Mooring:

The submerged Crown land is located on the following body of water (e.g., Mahone Bay, Little Narrows):

Name of body of water: \_\_\_\_\_

Name of County: \_\_\_\_\_

Name of nearest Community: \_\_\_\_\_

Upland (Shoreline) PID: \_\_\_\_\_

### 4. Coastal Location Map and Sketch:

Examples can be found [here](#).

A coastal location map and sketch of the structure is required to be attached to your application.

a) The coastal location map must show:

- The location of the proposed wharf, floating dock, boat ramp or mooring in relation to neighbouring PIDS;
- The location of the proposed wharf, floating dock, boat ramp or mooring in relation to the navigation channel and existing wharves, floating docks, boat ramps or moorings;
- Any shoreline within 100 metres of the proposed wharf, floating dock, boat ramp or mooring(s);
- The identity of owner(s) of neighbouring property and the approximate location of sideline boundaries.

b) The sketch of the design of the proposed construction must include the dimensions of the structure (length, width, height above ordinary high-water level) and materials to be used.

### 5. Notification of Adjacent Upland (Shoreline) Property Owner:

When an activity may be close to the common boundary line or where there is the potential for access to be impacted, applicants are, at a minimum, required to notify those adjacent landowners with whom there is a shared boundary line. Unless located in a cove or inlet (in which case the radius for notification up upland owners may be widened).

Unless otherwise stated at the time this application is submitted, submission of the application will serve as confirmation that any required notification has been completed. Should, during the review process be determined that the required notification has not taken place approval process of this application will not move forward until such notification is complete.
