

DIATOMACEOUS EARTH PROJECT

BY
A. R. ANDERSON
1989

Jack MacIsaac, Minister
John J. Laffin, D. Eng., FEIC, P. Eng., Deputy Minister

LEGEND

- WATER
- UNCONSOLIDATED SAMPLE
- PEAT
- dark grey brown to brown, amorphous
- light grey tan, brown, amorphous
- greenish grey, fairly dense, ooze like
- grey white to white (green or orange staining)
- transition zone
- OOZE-SILT OR NONDIATOMACEOUS STRATA

DIATOMACEOUS EARTH

CENTRAL GROVE - DIGBY CENTRAL
21B/08B 3

Sample locationx
Thickness of diatomaceous earth/
total thickness of sediments
(metres)..... 0.4/2.9

Note: depth contours interpreted from drillholes (Foran, 1950)
