

Etruscan Resources Inc.: Gold and Diamond Exploration in Africa

Richard B. Gordon¹

Etruscan Resources Inc. has been exploring in Africa for over 12 years. Today, Etruscan holds one of the largest strategic land positions in West Africa, covering over 10 000 km² in the prolific gold belts of Mali, Niger, Burkina Faso, Côte d'Ivoire and Ghana. The company is also active in diamond exploration and production in South Africa. Etruscan's interests span from operations that produce gold and diamonds together with advanced stage projects and earlier stage regional exploration opportunities.
