

Report of Activities 2017-2018

Report ME 2018-001

Eds. D. R. MacDonald and E. W. MacDonald

Halifax, Nova Scotia

August 2018

Note

This *Report of Activities* summarizes the fiscal year from April 1, 2017, to March 31, 2018, when the Geoscience and Mines Branch was part of the Nova Scotia Department of Natural Resources. On July 5, 2018, the branch was officially merged with the Department of Energy to create the Nova Scotia Department of Energy and Mines.

Cover photo

Distribution of gold (ppb) in till by INAA (A) and fire assay/ICP-MS (B), for the eastern Cobequid Highlands study area. For more information, please see the paper by D. M. Brushett, p. 5-7.

Editing and Layout: D. R. MacDonald and E. W. MacDonald

Publications can be obtained through the Geoscience and Mines Branch's online NovaScan database or through the Department of Lands and Forestry Library. NovaScan (<https://gesner.novascotia.ca/novascan/DocumentQuery.faces>) can be searched by title, author, document type and document number. Click on the blue 'More' button to get the full document record, and then click on the green 'Free Download' button to view or download the publication. For more information or assistance, contact the Department of Lands and Forestry Library:
