

PROVINCE OF NOVA SCOTIA

DEPARTMENT OF MINES

BULLETIN NO. 1

PORT HAWKESBURY PROJECT

GEOLOGICAL, GEOCHEMICAL
AND GROUNDWATER INVESTIGATIONS
OF SOUTHWESTERN INVERNESS AND
RICHMOND COUNTIES, NOVA SCOTIA

BY

F. S. SHEA and J. D. WALLACE

Property of:

Technical Records Library
Nova Scotia Department of Mines
Halifax, N.S.

HALIFAX, NOVA SCOTIA

1962

HON. D. M. SMITH

Minister

J. P. NOWLAN, Ph.D.

Deputy Minister

PORT HAWKESBURY PROJECT

**GEOLOGICAL, GEOCHEMICAL
AND GROUNDWATER INVESTIGATIONS
OF SOUTHWESTERN INVERNESS AND
RICHMOND COUNTIES, NOVA SCOTIA**

BY

F. S. SHEA and J. D. WALLACE

NOVA SCOTIA DEPARTMENT OF MINES

STELLARTON, NOVA SCOTIA

AUGUST 1962

TABLE OF CONTENTS

CHAPTER I

INTRODUCTION

	PAGE
INTRODUCTORY STATEMENT	9
LOCATION AND SIZE	10
SCOPE OF INVESTIGATION	10
TRANSPORTATION	10
INDUSTRY AND MINING	12
TOPOGRAPHY, GLACIATION AND DRAINAGE	14
PREVIOUS WORK	16
MAPS PREPARED OF AREA	17
ACKNOWLEDGMENTS	18
SUMMARY	18

CHAPTER II

GENERAL GEOLOGY	22
General Statement	22
TABLE OF FORMATIONS	23
DESCRIPTION OF FORMATIONS	25
George River Group	25
Distribution	25
Lithology	25
Metamorphism and Structures	26
Age and Correlation	26
DEVONIAN OR EARLIER INTRUSIVE ROCKS	27
Age	27
HORTON (?) OR POST HORTON (?) VOLCANIC, INTRUSIVE AND PYROCLASTIC ROCKS	28
Distribution	28
Lithology	28
Structures	31
Origin and Age	33
MISSISSIPPIAN SEDIMENTS	34
Horton Group	34
Lithology	35
Structures	37
Contact Relations	37

	PAGE
Origin	38
Age	38
Windsor Group	39
General	39
Distribution and Thickness	42
Lithology	43
Structural Relations	46
Origin and Age	46
MISSISSIPPIAN INTRUSIVES	47
Canso Group	47
General	47
Lithology	48
Structures	49
Origin and Age	49
PENNSYLVANIAN SEDIMENTS	50
Riversdale Group	50
Lithology	51
Structures	52
Origin and Age	53
POST RIVERSDALE SEDIMENTS	53
 CHAPTER III 	
STRUCTURAL GEOLOGY	54
Folds	54
Faults	54
Age of Faults	55
 CHAPTER IV 	
ECONOMIC GEOLOGY	57
Horton-Windsor Contact	57
METALLIC MINERAL OCCURRENCES	57
Copper	57
Iron	57
NONMETALLIC DEPOSITS	58
Gypsum	58
Limestone	58
Fluorite	59
Coal	59
AEROMAGNETIC SURVEY	59

	PAGE
GEOCHEMICAL SURVEY	59
BUILDING STONE	60

CHAPTER V

WATER RESOURCES	62
General	62
Surface Waters	62
Lakes	62
Rivers and Streams	63
Subsurface Waters	63
Bored Wells	63
Water Tests	64

CHAPTER VI

SOIL CONDITIONS	66
General	66
DESCRIPTION OF SOIL IN MAP AREA	66
Diligence Series	66
Queens Series	67
Kingsville Series	67
Woodbourne Series	67
Shulie Serles	67
Thom Series	67
Peat Series	68
Mira Series	68
Hebert Series	68
Coastal Beach Series	68
Others	69
AUGER BORINGS	70
BIBLIOGRAPHY	72

LIST OF ILLUSTRATIONS

MAPS

- Map No. 1** Key Map of Project Area
- Map No. 2** Geological Map
- Map No. 3** Map showing General Soil Coverage
- Map No. 4** Geochemical Reconnaissance Map
- Map No. 5** Zoning Map of Project Area

	PLATES	PRECEDING PAGE
Plate 1	Aerial view of Nova Scotia Pulp Mill Limited site, Point Tupper, Nova Scotia	7
Plate 2	Marine Railway Company Limited, Point Tupper, Nova Scotia	10
Plate 3	Fig. 1—View of marine storage facilities, British American Oil Co. Ltd., Point Tupper, Nova Scotia ..	12
	Fig. 2—View of "Hawkesbury Heights" subdivision, Port Hawkesbury, Nova Scotia	12
Plate 4	Construction of new gypsum loading pier, Point Tupper, Nova Scotia	14
Plate 5	Contact of Horton quartzite and overlying volcanics, north of Horton Lake	31
Plate 6	Fig. 1—View of Horton shale and siltstone beds in Railway cut at Port Hastings, Nova Scotia	35
	Fig. 2—Carbonaceous and calcareous Horton shales in cut on Highway No. 4, Port Hastings, Nova Scotia	35
Plate 7	Fig. 1—Small fault in Horton shale, Highway No. 5, Port Hastings, Nova Scotia	37
	Fig. 2—Faults cutting Horton shale in cut on High- way No. 5, Port Hastings, Nova Scotia	37
Plate 8	View of antiline in basal Windsor near Port Hast- ings, railway station, Nova Scotia	44
Plate 9	Thin bedded Canso shales in cut on Highway No. 5, Port Hastings, Nova Scotia	47
Plate 10	Shale and sandy shale beds of the Riversdale Group, Ship Harbour, Nova Scotia	50

Aerial view of Nova Scotia Pulp Mill Limited site, Point Tupper, Nova Scotia.
The communities of Mulgrave and Port Hastings are seen in the background.
