

**LEGEND**

**CARBONIFEROUS**

- DEVONIAN: EARLIER (Shale, sandstone, limestone)
- DEVONIAN: LATER (Shale, sandstone, limestone)
- DEVONIAN: EARLIER AND LATER (Shale, sandstone)

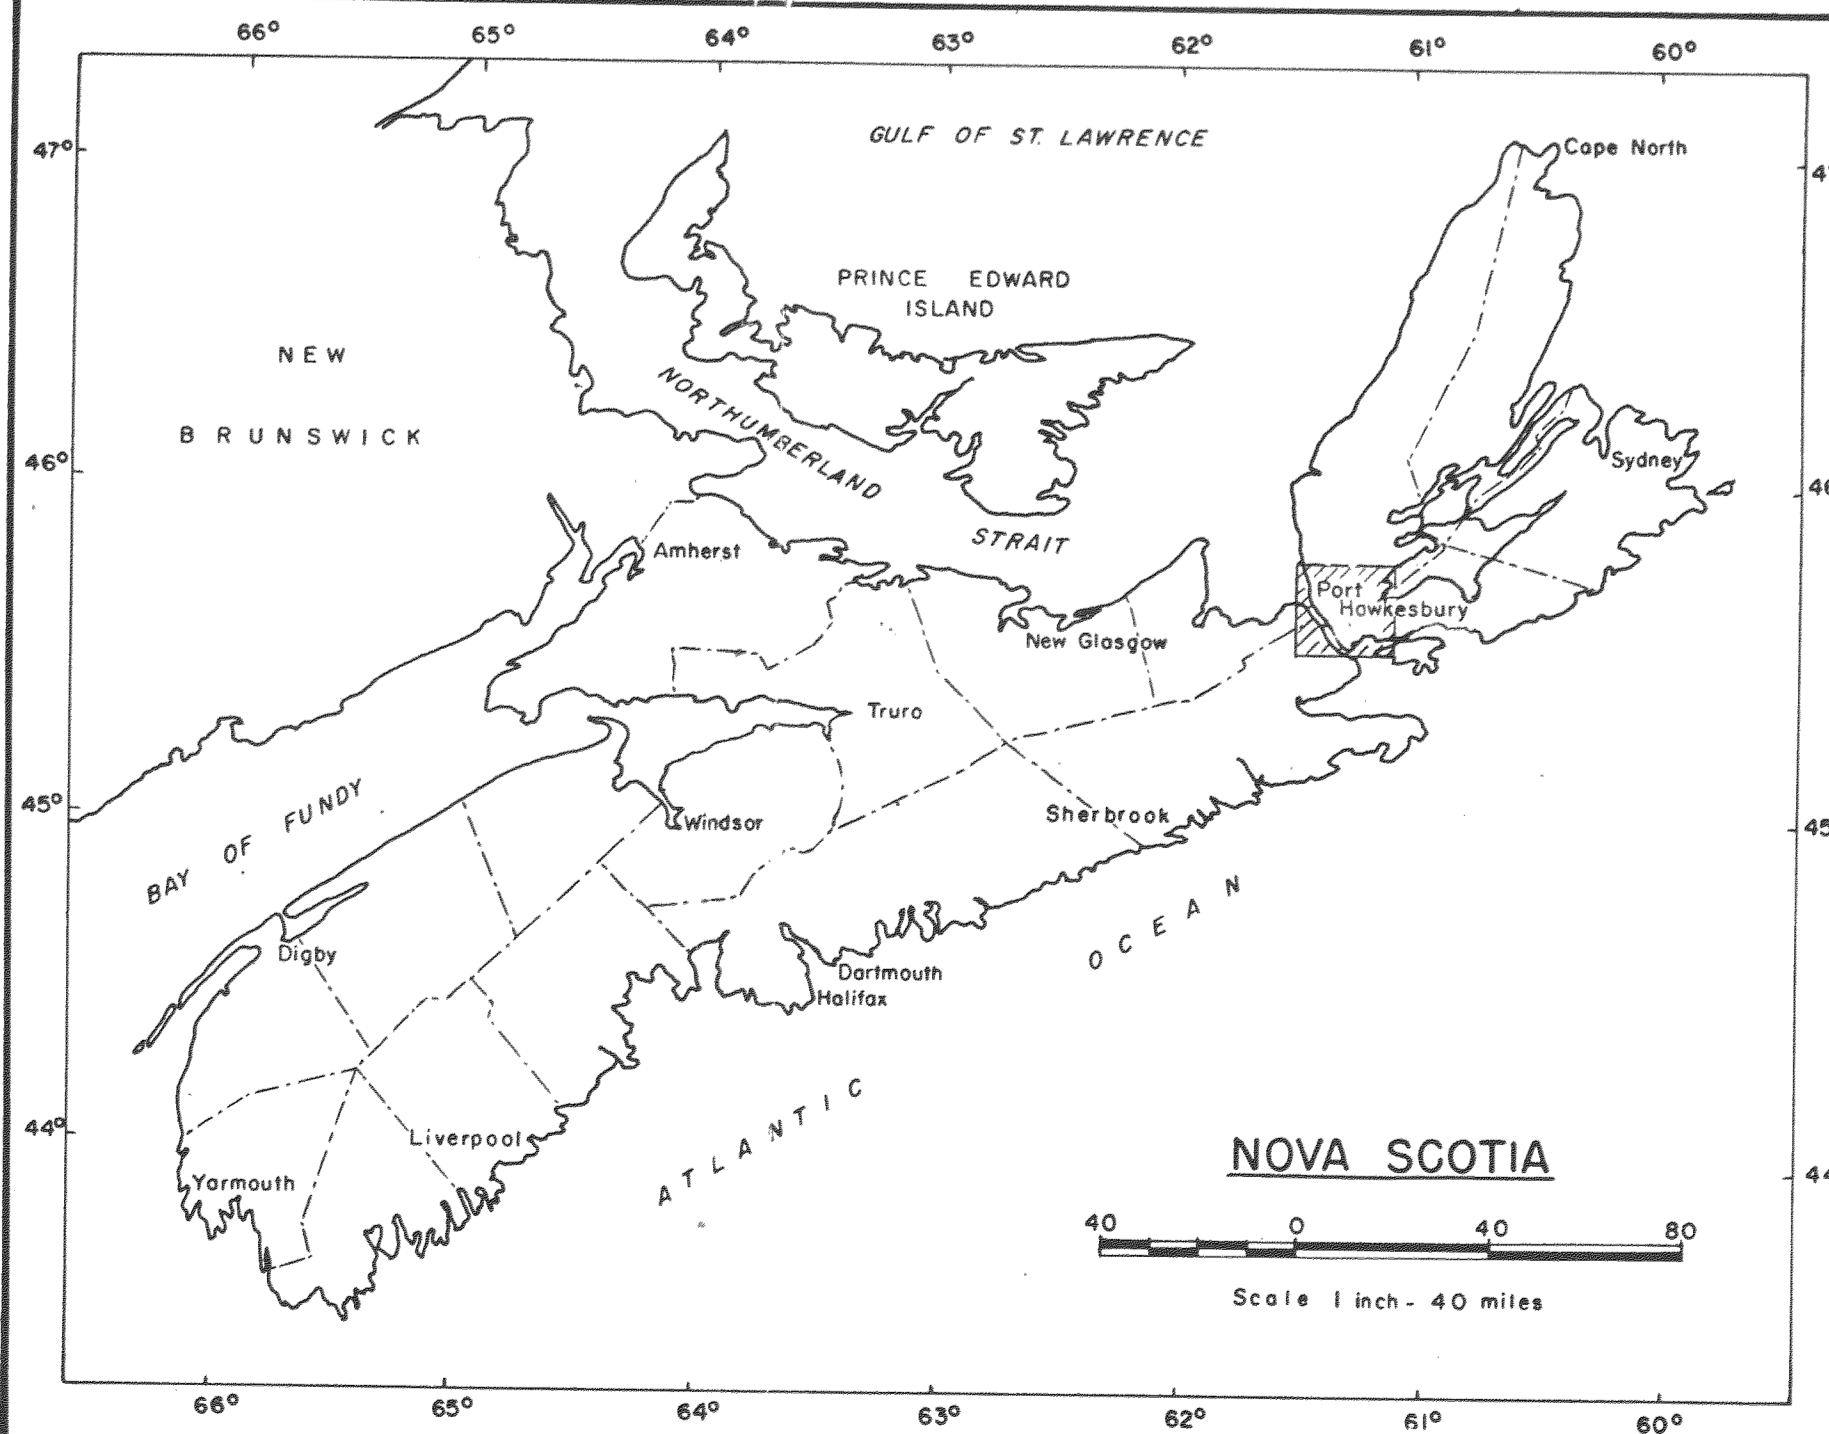

**PRECAMBRIAN**

- DEVONIAN OR EARLIER (Shale, sandstone)
- PRECAMBRIAN (Granite, gneiss, schist, amphibolite)

**TOPOGRAPHY**

- Contour interval (feet)
- Spot elevation (feet)
- Spot elevation (meters)
- Spot elevation (feet) - 1000 ft. contour interval
- Spot elevation (meters) - 1000 m. contour interval
- Spot elevation (feet) - 500 ft. contour interval
- Spot elevation (meters) - 500 m. contour interval
- Spot elevation (feet) - 200 ft. contour interval
- Spot elevation (meters) - 200 m. contour interval
- Spot elevation (feet) - 100 ft. contour interval
- Spot elevation (meters) - 100 m. contour interval
- Spot elevation (feet) - 50 ft. contour interval
- Spot elevation (meters) - 50 m. contour interval
- Spot elevation (feet) - 25 ft. contour interval
- Spot elevation (meters) - 25 m. contour interval
- Spot elevation (feet) - 10 ft. contour interval
- Spot elevation (meters) - 10 m. contour interval
- Spot elevation (feet) - 5 ft. contour interval
- Spot elevation (meters) - 5 m. contour interval
- Spot elevation (feet) - 2 ft. contour interval
- Spot elevation (meters) - 2 m. contour interval
- Spot elevation (feet) - 1 ft. contour interval
- Spot elevation (meters) - 1 m. contour interval
- Spot elevation (feet) - 0.5 ft. contour interval
- Spot elevation (meters) - 0.5 m. contour interval
- Spot elevation (feet) - 0.2 ft. contour interval
- Spot elevation (meters) - 0.2 m. contour interval
- Spot elevation (feet) - 0.1 ft. contour interval
- Spot elevation (meters) - 0.1 m. contour interval
