Bulletin No.5

**SALT AND POTASH RESOURCES
IN NOVA SCOTIA**

by

R. C. Boehner

Honourable Joel R. Matheson, Q.C., Minister

John J. Laffin, P. Eng., FEIC, Deputy Minister

**Halifax, Nova Scotia
1986**

BANDED
ROCK
SALT

INTERBEDDED
HALITE
and
ANHYDRITE

(enterolithic
folds)

ROOF
WALL

Banded Anhydritic Halite

Pugwash Mine

Cumberland County, Nova Scotia
Highly contorted (enterolithic folding)
anhydrite at the interbedded
contact between major steeply dipping
rock salt and anhydrite units.

TABLE OF CONTENTS

	Page
ABSTRACT	1
ACKNOWLEDGMENTS	2
CHAPTER 1. INTRODUCTION	3
Historical Background	3
Properties, Occurrence and Use of Salt	6
General Geology of Nova Scotia	7
General Geology of Salt in Nova Scotia	7
History of Potash Exploration in Nova Scotia	16
Distribution of Salt Deposits and Occurrences	19
CHAPTER 2. HANTS-COLCHESTER AREA	21
Introduction	21
General Windsor Group Stratigraphy	21
Beaver Brook Deposit	24
Clarksville Occurrence	25
Falmouth Occurrence	31
Kennetcook Occurrence	35
Shubenacadie-Stewiacke Deposit	41
Stanley Occurrence	47
Summerville Occurrence	56
Upper Walton River Occurrence	59
Walton Occurrence	63
Cheverie	66
CHAPTER 3. MAHONE BAY AREA	69
CHAPTER 4. CUMBERLAND AREA	71
Introduction	71
General Geology of the Cumberland Area	71
Beckwith Occurrence	74
Malagash Deposit	75
Nappan Deposit	98
Oxford Deposit	106
Pugwash Deposit	112
Canfield Creek	126
Head of Wallace Bay (Simpson Lake)	126
Malagash Anticline Between Wallace River and Oxford	126
Springhill Area, Black River Diapir	128
Roslin Occurrence	129
CHAPTER 5. PICTOU AREA	139
Introduction	139
Dunmaglass-Knoydart	139
Kemptown	142
Bridgeville	142
Salt Springs, Pictou County	145
CHAPTER 6. ANTIGONISH-MABOU AREA	149
Introduction	149
General Geology	149
Antigonish Deposit	155
James River Deposit	158
Mabou Deposit	165
Ohio Occurrence	175
Pomquet River Occurrence	178
Southside Harbour Deposit	183
Chapter 7. CANSO-BRAS D'OR AREA	193
Introduction	193
General Geology and Carboniferous Stratigraphy	193
Kingsville Deposit	196
McIntyre Lake Deposit	197
Malagawatch Deposit	211
Orangedale Deposit	212
Port Richmond Deposit	213
St. Peters Deposit	221
Seaview Occurrence	225
Recently Discovered Salt Deposits and Areas with Salt Indications in the Canso-Bras d'Or Area	227

CHAPTER 8. SYDNEY BASIN AREA	233
Introduction	233
General Geology	233
Boularderie Deposit	233
East Bay Occurrence	239
CHAPTER 9. CHETICAMP-MARGAREE AREA	243
Lake O'Law (Northeast Margaree) Salt Spring	243
CHAPTER 10. CAPE NORTH AREA	245
SELECTED BIBLIOGRAPHY	247
APPENDIX 1. Drillhole Data Summary Tables	267
APPENDIX 2. Chemical Analyses: Salt Rocks and Salt Brines	277
APPENDIX 3. Salt Production in Nova Scotia	309
APPENDIX 4. Index Map of Gravity Survey Coverage in Nova Scotia.....	313
APPENDIX 5. A Photographic History of Salt and Potash Exploration and Mining in Nova Scotia	317
