

ADDITIONAL INFORMATION AND REPORTING

Obtaining Information

This reference manual covers the most common closure methods for the type of abandoned mine opening which may be encountered in Nova Scotia. Additional reference and technical information on these and other mine closure methods are available from the Nova Scotia Department of Natural Resources at the address shown below. A listing of a number of the reference and technical information publications is provided in Chapter 9.

The Nova Scotia Department of Natural Resources
Mining Engineering
3rd Floor, Founders Square
1701 Hollis Street
P.O. Box 698
Halifax, Nova Scotia
B3J 2T9

Telephone: (902) 424-4049

Fax: (902) 424-7735

Prior to entry into abandoned mine openings and to obtain information on regulations and guidelines pertaining to initiating construction activities or using blasting closure methods, contact your local Nova Scotia Department of Labour and Nova Scotia Department of Environment office, or:

The Nova Scotia Department of Labour
Director of Mine Safety
