

PRIORITY ONE

Stabilize Shoreline, Beach, & Address Public Safety Issues

Shoreline Stabilization & Protection;

Remove all Damaged and redundant Park Infrastructure (beach access points; etc on beach /dune system) and undertake critical repairs;

Upgrade Core Facility Access (replace elevated boardwalk with sleeper boardwalk on a granular base);

Construct granular walkway on beach back-shore (beach facility to ex. footbridge)

EXISTING BEACH FACILITY & EXISTING BEACH PARKING LOT

- No coastal picnicing
- No play field opportunities, or associated
- No accessible coastal walking trail opportunities
- Building subject to storm events

PRIORITY TWO

Develop Recreation Opportunities & Off Season Parking

Construct interpretive / water fowl opportunities; rehabilitate secondary parking lot;

Construct expanded year round parking lot and consolidate site sign-age at School House Museum;

Construct coastal walking trail system ( board-walk on piers; remaining granular walkways and linkages), and coastal viewpoint / beach access structure.

EXISTING BEACH FACILITY & NEW BEACH PARKING LOT

- Coastal picnicing, play field and accessible coastal walking trail opportunities provided.
- Sustainable parking lot
- Building subject to storm events

PRIORITY THREE

Develop New Beach Facility / Main Beach Parking Lot; Coastal Picnic & Play-fields; and Accessible Coastal Trail System

Construct New Beach Facility, adjacent viewing / picnic areas and perimeter accessible trail opportunities;

Construct main beach parking lot and access;

Construct coastal parking lot;

Construct Interpretive / Information Kiosks

NEW BEACH FACILITY & PARKING

- Coastal picnicing, play field and accessible coastal walking trail opportunities provided.
- Sustainable beach facility and parking lot
