CAPTIVE WILDLIFE PERMIT AND IMPORT PERMIT EXCLUSION LIST

Pursuant to Section 113(at) of the Wildlife Act, R.S.N.S. 1989, c504 and Section 6 of the General Wildlife Regulations, the Director of Wildlife has determined that:

The following list of wildlife species may be:

- a. Imported into the province without an Import Permit issued under the Wildlife Act; or
- b. Kept in captivity without a Captive Wildlife Permit.

Subject to the following conditions:

1. The species has originated from a reputable captive breeding program, or can legally and sustainably be taken from the wild in the originating jurisdiction.
2. The species are disease free.
3. The species will not be released to the wild without a Wildlife Release Permit.
4. The species will be properly housed, and if transported off the premises of the owner, shall be in an escape-proof container, except where permission is received from the property owner.
