

FIELD DAY AND WOODLAND TOUR

Provincial

and Eastern Woodland Owner of the Year

Martha Brown, 2015 Provincial and Eastern Woodland Owner of the Year

Welcome to Martha Brown Woodland Provincial and Eastern Region Woodland Owner of the Year 2015

Field Day and Woodland Tour:

Saturday, October 03rd, 2015. 9:00 am to 4:00 pm

Martha, a retired teacher, is a living example of sustainable land management, and a continuing piece of her family legacy that has allowed her 400 acre (162 hectare) to flourish.

"If I would have inherited a beauty salon, it wouldn't have been of much interest to me, especially compared to my woodlot. This is a family legacy that I really enjoy." – Martha Brown

Martha stresses the importance of talking and working with other woodland owners and forestry professionals. Over the years, Scott and Stewart Forestry Consultants and other land management service providers have worked with her in various capacities.

Martha also utilizes her woodland for Non-Timber Forest Products; her 20 acres of lowbush blueberries certainly sweetens up the Eastern Region.

With a keen interest in learning about woodlands and forest management, Martha Brown has a wealth of knowledge to share about her experiences and hopes her woodland can serve as an example for others. She welcomes you to her woodland and invite you to ask questions and explore various interests during today's celebrations!

See more about Martha Brown's woodland by visiting our website at: novascotia.ca/natr/woodlot/woya

On the woodland today

Today visitors will be able to tour Martha's woodland by foot, or via van which will periodically circulate the woodland roads. If you currently own woodland, or hope to do so in the future, you will be able to see and learn about things that might be of use to you!

With 10 topics to explore, we welcome you to travel at your own pace and visit as many stations as you like. At each station, visitors will have the opportunity to join in discussions with local experts and share woodland management knowledge.

Everyone is invited to the big tent just before noon for lunch, presentations, and prize draws!

Martha Brown woodland

LIST OF STATIONS

- 1 FEC Interpretation and Hardwood Management
- 2 Blueberry Management
- 3 Rest stop with a view
- 4 General Wildlife
- 5 Active Harvest
- 6 Christmas Trees
- 7 Management planning and certification
