

**Concordance Table: Environmental Assessment Registration Document
Glen Dhu South Wind Power Project, Barney's River, Nova Scotia January 17, 2012**

Draft Comment	Department	Comment addressed at the following location in Registration Document
clarification on the use of Crown Land	NS DNR Hugh Gillis, dated Dec. 22, 2011	executive summary, section 2.4
concerns relating to the use of "critical habitat" language	NS DNR Hugh Gillis, dated Dec. 22, 2011	throughout document and section 18 conclusions
inadequate landscape-scale habitat parameters	NS DNR Hugh Gillis, dated Dec. 22, 2011	section 5.4.10
clarification on the need for expansion outside the current wind project footprint	NS DNR Hugh Gillis, dated Dec. 22, 2011	Chapter 4, section 4.1
more detail requested relating to Moose Pellet Pile transect information	NS DNR Hugh Gillis, dated Dec. 22, 2011	section 3.2.6
request for a summary map of all observed moose signs	NS DNR Hugh Gillis, dated Dec. 22, 2011	Figure 22
clarification on number of candidate turbine sites	NS DNR Hugh Gillis, dated Dec. 22, 2011	executive summary
qualifications of Mr. Thompson and Mr. Hunter (moose surveys)	NS DNR Hugh Gillis, dated Dec. 22, 2011	Appendix XII
qualifications of aerial moose survey team	NS DNR Hugh Gillis, dated Dec. 22, 2011	Appendix XII
confirmation of Carex Pensylvanica	NS DNR Hugh Gillis, dated Dec. 22, 2011	Sean Blaney has confirmed the species found on site is not Carex Pensylvanica (section 5.4.5.3)
request for linkages of rare plants with vegetation communities	NS DNR Hugh Gillis, dated Dec. 22, 2011	no electronic GPS coordinates are available for 2007 vegetation data. No specific of conservation concern were identified in 2011
inclusion of plant community typology and use of Nova Scotia Forest Ecosystem Classification	NS DNR Hugh Gillis, dated Dec. 22, 2011	Appendix V
inclusion of an overview of moose occupation in study area	NS DNR Hugh Gillis, dated Dec. 22, 2011	section 5.4.7.2
provision of additional forest cover maps to identify sensitive and relatively high conservation-value forest communities	NS DNR Hugh Gillis, dated Dec. 22, 2011	shapefiles and coordinates of all vegetation assessment points are provided on attached CD in order to overlay with the polygons from the Nova Scotia Spatially Related Forest Resources (SRFR) information system
request for methodology used to determine anabat locations and what range do they cover?	NS DNR Hugh Gillis, dated Dec. 22, 2011	section 3.2.3

Draft Comment	Department	Comment addressed at the following location in Registration Document
aerial moose survey- clarification on transect methodologies	NS DNR Hugh Gillis, dated Dec. 22, 2011	section 3.2.6
more information requested regarding the potential noise effects of the project during the construction phase	Health Canada, Allison Denning, Dec. 19, 2011	Chapter 9
identification of all potential noise sources during construction, operation and decommissioning	Health Canada, Allison Denning, Dec. 19, 2011	Chapter 9
discussion of potential mitigative measures that will be employed if necessary	Health Canada, Allison Denning, Dec. 19, 2011	Chapter 9
discussion of baseline noise levels	Health Canada, Allison Denning, Dec. 19, 2011	Chapter 9
letter of transmittal from CEO of Shear Wind at the time of registration	EA Branch, NSE, Helen McPhail, Dec. 22, 2011	attached to this concordance table
a list of all concerns expressed by the public and aboriginal people	EA Branch, NSE, Helen McPhail, Dec. 22, 2011	section 16.1 and 16.2
reference to the project as a Class I undertaking instead of Category II undertaking	EA Branch, NSE, Helen McPhail, Dec. 22, 2011	executive summary
confirmation of which PIDs are crown land	EA Branch, NSE, Helen McPhail, Dec. 22, 2011	section 2.4
concordance table for draft comments	EA Branch, NSE, Helen McPhail, Dec. 22, 2011	current document
clarification as to whether the draft document was shared with the KMK	Office of Aboriginal Affairs, Beata Dera, Dec. 21, 2011	section 16.2
confirmation of transportation route to south side of highway	NS TIR, Angela Swaine, Dec. 21, 2011	section 2.6.6
further detail regarding types of trucks, number of trucks, and the duration of the construction phase for trucking	NS TIR, Angela Swaine, Dec. 21, 2011	section 2.6.6
update permit name to Work Within Highway Right of Way	NS TIR, Angela Swaine, Dec. 21, 2011	Chapter 1: General Information
request for confirmation of blasting techniques and methods	Air Quality and Resource Management Branch, NSE, Andrew Murphy, Dec. 21, 2011	section 12
update solid waste management requirements	Air Quality and Resource Management Branch, NSE, Andrew Murphy, Dec. 21, 2011	section 2.6.9
