

NOTICE

Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on December 21, 2021, Envirosoil Limited registered the Addendum to the original Waste Oil Recycling and Water Treatment Facility Project Environmental Assessment Registration Document, in accordance with Part IV of the *Environment Act*, and in response to a request for additional information from Nova Scotia Environment and Climate Change dated May 28, 2021.

The purpose of the proposed undertaking is to install and operate a facility that will be used for receiving, processing and recycling of waste oil and the treatment of waste waters. The origin of the waste oil and waste water will be primarily from commercial sources. Treated water will be discharged to the Halifax Harbour, not the Halifax Regional Municipal sanitary sewer system as proposed in the original Registration Document. Collected oil will be sent to approved facilities for reuse. The undertaking is at a commercial/industrial property at 750 Pleasant Street, Dartmouth, Nova Scotia. The installation of processing and treatment equipment is anticipated to commence in Spring 2022 with commissioning and operation planned for the Summer of 2022.

Copies of the Environmental Assessment registration information may be examined at the following locations:
