## Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on November 3, 2021, Dexter Construction Company Limited registered the Whycocomagh Quarry Expansion Project for environmental assessment, in accordance with Part IV of the *Environment Act*.

The purpose of the proposed undertaking is to expand an existing quarry located at 5505 Whycocomagh Port Hood Road, Churchview, Inverness County, Nova Scotia. The existing quarry has been in operation for over 20 years. The land associated with the expanded quarry will occupy a maximum of 10.0 hectares, which includes the existing quarry footprint. A project life of up to 40 years is expected. The expanded quarry will support continued extraction and production of aggregate products used primarily in the road construction industry in Inverness County. It is expected that the continued use of the quarry will be identical, or very similar, to historic use at the site. The project is anticipated to commence during the 2022 construction season with production volumes of approximately 50,000 tonnes per year during years in which the quarry is active.
