

NOTICE

Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on December 18, 2025, Green Current Renewable Energy Development Inc. (the Proponent) registered the Aulds Cove Wind Project (the Project) for environmental assessment, in accordance with Part IV of the *Environment Act*.

The purpose of the proposed undertaking is to construct and operate a 147 megawatt (MW) wind power project with up to 21 turbines and associated infrastructure (i.e., access roads, substation, interconnection to the power grid, buildings, etc.) that will generate renewable electricity for use on the Nova Scotia power grid and support the province's transition to renewable energy. Each wind turbine will be approximately 199.5 metres to the tip of the blade and individually produce up to 7 MW. The Project is located near the communities of Aulds Cove, Mulgrave, Grosvenor, and Frankville. Although some of these communities are in Antigonish County, the Project is entirely located within the Municipality of the District of Guysborough, in Guysborough County, Nova Scotia. The Project intends to begin construction in 2026 and is expected to be operational for at least 25 years.

Copies of the environmental assessment registration information may be examined at the following locations:

- Canada Post Havre Boucher, 12584 Main Street, Havre Boucher
- Canada Post Mulgrave, 433 Main Street, Mulgrave
- NSECC Regional Office, 218 MacSween - Suite 12 – Provincial Building, Port Hawkesbury
- EA website (when available)

The public is invited to submit written comments to:

Environmental Assessment Branch
Nova Scotia Environment & Climate Change
P.O. Box 442, Halifax, Nova Scotia B3J 2P8

on or before February 6, 2026, or contact the Department at (902) 424-3600, or e-mail at EA@novascotia.ca.

All comments received from the public consultation will be posted on the Department's website for public viewing. In the case of an individual, the name, email address, and contact information will be removed before comments are posted on the website. By submitting your comments, you are consenting to the posting of your comments on the Department's website.
