

**NOTICE**  
**Registration of Undertaking**  
**Part IV of the Environment Act**

This is to advise that on April 8, 2015, Bear Head LNG Corporation (Bear Head LNG) registered the Bear Head LNG Project Registration Document, in accordance with Part IV of the Environment Act.

Bear Head LNG intends to resume development of a Liquefied Natural Gas (LNG) facility in Point Tupper, NS for the purpose of exporting LNG. Completed works include access roads, land clearing, site preparation and the installation of two LNG tank foundations. Bear Head LNG proposes to use and expand upon the existing infrastructure to export eight (8) million tonnes of liquefied natural gas annually. The project is scheduled for front-end engineering and design in 2015, engineering, procurement and construction between 2016 and 2019, and operation beginning in 2019. Remaining construction will involve importing facility components by road and by sea. Bear Head LNG has an ongoing commitment to environmental protection, and to working in partnership with the surrounding community.

Copies of the Registration Document are available at the following locations:

- Bear Head LNG offices, 131 Heavy Water Road, Point Tupper, NS
- Port Hawkesbury Library Branch, Strait Area Education and Recreation Centre, 304 Pitt Street, Port Hawkesbury, NS
- Richmond County Municipal Office, 2357 Highway 206 Arichat, Nova Scotia
- Ecology Action Centre, 2705 Fern Lane, Halifax, NS
