

NOTICE
Registration of Undertaking
Part IV of the Environment Act

This is to advise that on November 2, 2016, Bear Paw Pipeline Corporation Inc. (Bear Paw) registered an Addendum to the Bear Paw Pipeline Project Registration Document originally submitted on March 30, 2016, in accordance with Part IV of the Environment Act.

The purpose of the proposed undertaking is to construct and operate a 62.5 km high-pressure steel natural gas pipeline from Goldboro to the future location of the Bear Head LNG liquefied natural gas export facility in Richmond County, Nova Scotia. Bear Paw would interconnect the M&NP mainline, offshore gas and other supplies near Goldboro, Nova Scotia. The pipeline corridor will parallel an existing pipeline right-of-way wherever possible. The project will include a compressor facility to deliver natural gas pressure to Bear Head LNG. Detailed engineering/construction is anticipated to commence as early as Q1 2018 pending approvals/permits and offtake finalization, with an operational date of Q4 2019.

Copies of the Registration Document and addendum are available at the following locations:

- Municipality of the District of Guysborough, 33 Pleasant Street, Guysborough, NS
