## Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on August 7, 2024, Clydesdale Holdings Ltd. (the Proponent) registered the Clydesdale Ridge Wind Project (the Project) for environmental assessment in accordance with Part IV of the *Environment Act*. Clydesdale Holdings Ltd. is a partnership between Dalhousie Mountain Wind Energy Inc, an affiliate of Rotor Mechanical Services Ltd, and Natural Forces Developments Limited Partnership.

The Proponent is developing and will own and operate the Project in partnership with Mi'kmaq communities in Nova Scotia. The purpose of the proposed undertaking is to construct up to 18 wind turbines for a wind energy project located in both Colchester and Pictou Counties, near the communities of Mt Thom, Earltown, Loganville, and Berichan. The components of the Project include the wind turbines, new roads, upgrades to existing roads, electrical collector lines and temporary laydown areas. The Project will produce up to 126 MW of renewable energy from wind turbines that are up to 200 m tall to the tip of the blade and individually produce up to 7 MW. Site preparation activities for Project construction would start in 2025 at the earliest. The Project is expected to be operational for a minimum of 25 years starting in 2027.
