

NOTICE

Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on April 30, 2009, a partnership between SkyPower Corp. and Scotian Windfields Inc. registered a wind energy project for environmental assessment, in accordance with Part IV of the *Environment Act*.

The purpose of the proposed undertaking is to construct and operate a 30 megawatt (MW) wind energy facility consisting of 20, 1.5 MW wind turbine generators with a transmission line (approximately 10.6 km long) to connect to the existing NSPI electrical grid. This facility is proposed to be located in Gulliver's Cove, Digby County, Nova Scotia. The Proponent anticipates start of construction by September 2009, pending permits and approvals, with the facility becoming operational in the Spring of 2010. The estimated lifespan of the facility is anticipated to be approximately 20 years.

Copies of the environmental assessment registration information may be examined at the following locations:
