

NOTICE

Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on June 29, 2007, Gallant Aggregates Ltd. registered a quarry expansion project for environmental assessment, in accordance with Part IV of the *Environment Act*.

The purpose of the proposed undertaking is to expand the boundaries of the existing quarry near the community of Elmsdale, Hants County, Nova Scotia. The expansion will allow continued aggregate production (blasting and crushing) and additional stockpiling. The existing quarry has been operational for over 20 years and the proposed activities will take place over the next number of years (potentially as many as 50 years) involving a total of approximately 60 ha of land immediately adjacent to the existing quarry. The current and anticipated operating schedule is 15 hrs/day, 7 days/week; on a year-round basis, weather permitting. The Project will commence upon obtaining applicable approvals and authorizations.

Copies of the environmental assessment registration information may be examined at the following locations:
