NOTICE

Registration of Undertaking for Environmental Assessment
ENVIRONMENT ACT

This is to advise that on November 10, 2026, **3341581 NOVA SCOTIA LIMITED** registered the **INGLISVILLE ROAD PIT PROJECT** for environmental assessment, in accordance with Part IV of the *Environment Act.*

The purpose of the proposed undertaking is to establish a new sand and gravel extraction operation on Inglisville Road, West Inglisville, Annapolis County, Nova Scotia (PID 05062815). The Project will be developed progressively in 1-hectare operational blocks over an anticipated operational lifespan of 20 to 30 years, beginning with an initial 4.0 ha footprint (Blocks 1-4) and extending to a maximum of 36 ha of extraction area over the life of the Project, within a property of approximately 76 ha. Proposed pit activities include site preparation (clearing, grading, and topsoil salvage), excavation of sand and gravel, screening and crushing using mobile equipment, stockpiling, and transportation of aggregate by truck, with progressive reclamation carried out throughout the Project. The proposed operation is expected to support an annual production rate of approximately 50,000 tonnes, meeting local and regional demand for construction aggregate while operating in compliance with provincial environmental standards. The Project will require an Industrial Approval under the *Environment Act*. Pending approval, extraction is anticipated to begin in spring 2027, with progressive reclamation carried out throughout the Project.
