

NOTICE

Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on October 21, 2005, Cape Breton Power registered the Lingan 4MW Wind Power project for environmental assessment, in accordance with Part IV of the Environment Act.

The purpose of the undertaking is to construct a wind power generating facility to generate electricity for transmission via the existing NSPI grid. The project consists of construction and operation of two 2-megawatt (MW) wind turbines near Lingan, Nova Scotia. The Proponent plans to begin construction in the fall of 2005 and operation to begin in late 2006.

Copies of the environmental assessment registration information may be examined at the following locations:
