## Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on October 29, 2025, Nova Sustainable Fuels Ltd. (the Proponent) registered the Nova Sustainable Fuels Renewable Energy Park (the Project) for environmental assessment, in accordance with Part IV of the *Environment Act*.

The purpose of the proposed undertaking is to construct and operate a renewable energy park for the production of sustainable aviation fuel (SAF) for export centred on PID 35094770 near Goldboro, Guysborough County. The renewable energy park consists of the SAF production facility, freshwater pipelines, and supporting infrastructure, and will utilize biomass and renewable energy to produce SAF, a drop-in alternative to conventional aviation fuel, green methanol and other low-carbon co-products. The renewable energy project and transmission line will be assessed under another environmental assessment. The Project intends to commence construction in 2028 and is expected to be operational for a minimum of 50 years once operational.

Copies of the environmental assessment registration information may be examined at the following locations:

- Goldboro Interpretive Centre, 12881 Highway 316, Goldboro
