## Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on April 2, 2026, WEB Sugar Maple Wind Inc., a partnership between Glooscap First Nation and SWEB Development LP, registered the Sugar Maple Wind Energy Project for environmental assessment in accordance with Part IV of the *Environment Act*.

The purpose of the proposed undertaking is to construct and operate an up to 16 turbine, 112 MW wind energy project. The wind turbines will be up to 200 m tall to the tip of the blade and will have a rated capacity of up to 7.0 MW.

The Project is situated on the ancestral and unceded territory of the Mi'kmaq people, in Pictou County. It is located approximately 2 km from the rural community of Upper Barney's River, 11 km to the south of the Trans-Canada Highway 104 at Barney's River Station, and 6.5 km northeast of the community of Garden of Eden. The project will also include a short transmission line, electrical collector lines, a substation, switchyard, access roads, and temporary laydown areas. The proponent intends to begin major construction phases of the Project in spring of 2027, and it is expected to reach commercial operation by the end of 2028. This Project is being proposed as part of the Province's Green Choice Program and will operate for 25 years.

Paper copies of the Environmental Assessment Registration Document may be examined at the following locations:
