

Montrose Nature Reserve

County

Colchester

Size

25 Ha

Classification

Nature Reserve

Status

New

Conditions Apply?

No

Overview

Small stand of old growth red spruce and eastern hemlock along a tributary to Portapique River

Ecological Values

Old growth red spruce and eastern hemlock
Habitat for provincially endangered mainland moose
Deer wintering area

Outdoor Recreation Values

Easy walking to old growth viewing and education

Forestry Values

Primarily mature softwood with some plantation
Steep slopes limit forestry potential on a small portion of this area

Other Resource Values

Low mineral potential
Medium petroleum potential
Low wind potential

Conditions

Exclusions and Vehicle Access
